SAID

& DONE

Said & Done

So what's said & done? Many memorable things happened at Hoover this year. Those things are now memories for us all. Memories that are said and done, but not forgotten.

From sports to activities to academics to people, there have been many memories this year. How about the boys' cross country team qualifying for State and then placing fifth at the meet? Or how about senior James Grimaldi becoming the first ever Hoover state champion for debate? Or maybe the sight of the fellow students and teachers dressed up in their groovy disco clothes, showing off their dance moves in the Disco Contest? Or maybe just the faces and friends that were seen in the halls everyday? In fact, all of these are memories that will forever make this year unique and original.

These things are just some of the amazing things that have happened during the school year. Now turn the page and see all the things that were said and done this year that will be forever kept alive through the pictures and stories in this book.

Leading the pack –

Seniors Jeff Bash and Chad Murray lead the boys' swim team out of the cheerleaders tunnel of spirit at the first winter pep assembly on Dec. 3.

Both Bash and Murray qualified for the state meet this year for swimming, along with 6 other members of the team.

photo by Kari Greenlee

Cheering on the team – Senior Angela Neve makes a poster for the girls' swimming team to hang up for the Homecoming assembly on Sept. 29 and to help fire up the swimmers for their next meet.

page 130

Here & Now

You wake up in the morning, rushing around because you have to be at school by 7:15 a.m. for the Spirit Committee meeting. With the many different activities such as dances, assemblies, and athletic events, students' lives are kept busy throughout the nine months.

The students are what make up the heart of the school – everything from the spirit shown by decorating before dances to the enthusiasm expressed during the pep assemblies before a game. Hoover is made by its students.

With a student population of 1,089, a variety of cultures can be observed in the halls. Having such a huge range of backgrounds causes everybody to come together and form a unique personality for Hoover. The students define Hoover and set it apart from other schools, transforming Hoover from just another building into the home of the Huskies.

Hoover spirit–

Live & Learn

Hoover's academic programs were a picture of diversity, just like is displayed in sports and other activities. Cultural differences were united within academic organizations like Academic Decathlon and National Honor Society.

Many students took advantage of these academic opportunities when they were presented. When a paper was due, most students had theirs prepared on time, but there were always students who were still finishing furiously several minutes after the deadline.

Whatever the case may be, students took time to reflect on their decisions over the course of the year. Some students wished they had done things differently, some were satisfied with their performance. The year is done now, but the student's academic experiences will remain with them forever.

Concentrating intently—Senior David Peterson, yearbook co-sports editor, works on editing the final draft of his Girls' Cross Country text for his spread. Peterson, along with junior Jon Talcott, edited the expanded yearbook sports section.

Before & After

Activities are what make students a part of high school, whether it's performing in front of a crowd or discussing plans for a project in a meeting. Being involved in activities helps to shape and represent Hoover inside and outside the school walls.

Many activities take place before and after the bell rings. Students spend this time participating in meetings and practices. Participating in these activities during high school can be very beneficial. Students can gain skills like leadership, independence, and improved communication, which will stick with them throughout their lives. Some activities help students get a start on a career or get an idea of what they can do later in life.

The activities students are involved in are a part of everyday life at Hoover, and help to bring students together.

Playing the part – Junior Karla Sanchez and freshman Eric Sharp tell junior Ryan Dow why they don't want to be in the Christmas Pageant during a scene from the play "The Best Christmas Pageant Ever" on Nov. 30. The play was also performed on Dec. 2 and Dec. 3.

Meeting the deadline—Seniors Angela Neve, Jessica Harding, Nic Hoover, and junior Nga Lam, discuss their pages and try to beat the deadline.

Sweat & Cheers

Sports are often defined as a source of diversion, yet at Hoover, they represent much more.

Each participant involved has his/her reasons for going out for a particular sport, from becoming a hero in the eyes of the student body and faculty to just getting the satisfaction of feeling good about themselves. Both of these reasons and the many in between are viable and understandable.

But, for each individual who participates in sports, athletics provide a break from the routines which they follow every day. Athletics provide a concealed world where, for a limited time, a person can experience something not found abundantly in everyday life—the sense of belonging to a group of peers whose goal is the same, success. It eases the burden of doing it alone; as they say, “There’s no ‘I’ in team.”

Looking to score—
Senior Dan Newman pulls up for the shot during the varsity boy’s basketball game on Dec. 12 against the Urbandale J-Hawks at Urbandale. Newman made the shot and went on to score nine points but, the Huskies lost 47 to 51.

You & Me

It's freshman year, the first year of high school. You are like a new born baby first viewing the world. The new world is scary; your're not sure what is expected of you, or what to expect. You try to follow all the new rules, and adjust to the new environment.

Sophomore year arrives and you begin to learn the ways of the world, like a toddler first learning to walk. You know what the world is like, but there are still many obstacles to overcome. You take one step at a time, each day closer to not having your parents help you along.

It's junior year, the hardest year of high school. Somehow you learn to manage life's obstacles. You learn to depend on yourself more, knowing that within time, you will be able to walk through life with ease.

Senior year, the time of glory, is finally here. You have gone through school's struggles and can walk through life on your own. You are ready for graduation; you are now ready for the world.

Here & Now

Student Life is one of the most important parts of school. It provides the students and the faculty a chance to get together to have fun and show their support for the school by having activities that everyone can take part in, such as Homecoming, Spirit Week, Winter Formal, student of all Seasons and spring break.

The year started off with the Homecoming activities during the week of Sept. 25 thru 29. Students and faculty participated in the old, traditional activities of Spirit Week, such as the powder puff game on Wednesday and the car rally before the Homecoming game on Friday, and also in some new events, like the lip sync contest held during the lunch periods on Thursday.

Changes were found throughout student life this year. The annual Spring Dance, usually held in early spring, was moved into February this year and given a new name: the Winter Formal. Another tradition was changed this year too. The week before dances is usually reserved to show off the spirit of students and faculty and to allow everyone a chance to relax and have fun together. This year's Spirit Week was shortened to only three days and given the new name of Spirit Days.

Along with the changes, old traditions were still found. The students still took spring break trips to sunny beaches or to snowy mountain tops to have fun and celebrate their few days of freedom from school work. The spirit stick contest at pep assemblies stuck around this year too. And, of course, there is always the Friday night games where students and faculty gather and show their support and spirit for the school by cheering on the team.

The old traditional activities and the new changes were combined together to make student life one of a kind this year. It showed that what happened in the here and now of this year was made up of a combination of the old and the new to make the year unique and allowed the students to make it their own.

photo by Kari Greenlee

Energetic Enthusiasm

Following along with old Hoover traditions, Homecoming spirit week was held September twenty-fifth through the twenty-ninth. The spirit days were pajama day, hat day, senior toga day/underclassman boxer day and green and gold day.

"It was great! A lot of people participated in the activities. Toga day was the best day because I had been looking forward to it all four years. It made the seniors feel superior to the underclassmen. Green and gold day was great because it got us prepared and psyched up for the assembly and game," senior Amy Hanlon said.

Many other events and contests were also held throughout the week. There was a cake contest, which was won by seniors Megan Carrico and Emily Minnis. They prepared two twin Husky cakes. Also held was a lip sync contest, which sophomore Jennifer Howe won. People P.E. took first place in the sidewalk painting contest with Commedia coming in second and girls' swimming taking third place.

Wednesday afternoon the women of Hoover High went to battle in the Powder Puff games. The seniors took on the juniors and the sophomores took on the freshmen. With a rumor going around that the administration may not be allowing these games next year, the seniors and sophomores both made their games count and took home victories.

Friday was the big day of the week. At 1:30 p.m. the student body and faculty gathered in the gym for the annual Homecoming assembly. Then, about 5 p.m. the car rally took place. The freshman football cheerleaders won for best decorations.

At 7:30 p.m. the Homecoming game kicked off. After a slow first half the Huskies picked up the pace a little in the second half, but still were unable to catch Indianola. The final score was 19-7, Indianola.

Counselor Janet Callan Mashek said, "Hoover had great activities for spirit week. I really enjoyed being involved and seeing the students display their school spirit."

We won – The freshman cheerleading squad shows off their decorations during the car rally before the Homecoming football game on Sept. 29th.

Feel the wind – Flag members senior Jodi Weinenger and junior Andrea Kueck show off their spins at the assembly on Sept. 29th.

Celebrating Coronation

As the week passed by, students and faculty awaited the annual Homecoming assembly scheduled to take place at 1:40 p.m. Friday, Sept. 29.

With over 500 students, teachers and alumni gathered in the gym, MC Kirk Johnson took over and introduced all students participating in fall activities. After all teams had made it through the tunnel of cheerleaders, the Homecoming court was announced and made their way into the gym.

The underclassmen court consisted of freshmen Kevin Kozitza and Kristen Sokugawa, sophomores David Rude and Abbey Williams, and juniors Scott Johnson and Kathi Buckley. The senior class nominees for queen were Ayesha Abdullah, Jessica Harding, Jodi Solberg, Sally Allan and Amy Lee. The nominees for king were Bryan Howe, Billy Howe, Dave Peterson, Jay Hall and Tim Schnoor. After all votes were tallied the king and queen were Jay Hall and Ayesha Abdullah.

"I couldn't believe it when I heard I was nominated. I was so excited, and so happy for everyone else who made it. Homecoming week was a very exciting time for me; it was a week I will always cherish," Jessica Harding said.

"Overall, the Homecoming assembly was well planned and organized. The formality of our assembly makes this a classy event," Debbie Stetson, P.E. teacher, said.

Entertainment for the audience was provided by Hoover Harmony, jazz band, flags, the drill team and the football cheerleaders, who performed a dance.

The end of the assembly brought a challenge to the students. It was time for the victory cry, with the loudest class receiving the spirit stick. After a short meeting between the judges, the senior class was awarded the stick.

Although many people enjoyed the assembly, some felt the rudeness of students interrupted the activities and speakers. Don Perschau, science teacher, said, "I thought that the assembly was one of the best planned and performed I have ever seen. It's too bad that several hundred students scattered through the audience wouldn't be quiet when they should have."

Midnight Magic

In deciding the theme for the 1995 Homecoming Dance, the committee wanted to choose something unique. Headed by senior chairpersons, Amy Lee and Sally Allan, the committee came up with "Midnight Masquerade" as the theme. The dance was on September 30, lasting from 8 pm to 11 pm, a total of 605 people attended the dance, which was the largest turnout yet.

Tickets for the Homecoming Dance went on sale before the dance for \$7 each person, but were also available at the door for the same price. The first 300 people to purchase their tickets received keychains. Namecards were also made for those who bought their tickets early.

Decorators arrived early to decorate the large gym and the Student Center. By building around the theme colors of silver, black, magenta, and purple, they prepared the rooms for the dance. It took a little hard work and most of the day but the decorators accomplished what was on their agenda. The large gym was for dancing and was equipped with a large screen for showing music videos. Decorations for the dance room included a star-studded background and balloons. "It took us forever to cover the walls with black paper and all those stars but we did an excellent job," senior Nic Hoover said.

The Student Center was reserved for refreshments and the karaoke machine. Those who wished to escape the noise of the dance room had a chance to try out their singing voices on the karaoke machine, which was provided by TKO Productions. Students could sit down at decorated tables to rest, converse, or snack on refreshments.

The primary purpose of the dance was to give people a chance to get reacquainted with everyone after a long summer break. The dance also created a lot of memorable experiences.

Commenting on the success of the dance, Allan said, "A lot of people put in a lot of hard work towards this dance. It was worth it because of the good turnout."

Bright smiles- Junior Carla Rosales and sophomore Clifford Hobbes take a moment to express themselves at the Homecoming Dance.

Spunky Spirit

It's nice to get a break from the norm once in a while. Twice a school year, students and faculty get to take a break from their normal weekly routines, and get the opportunity to let loose and have fun. They dress up in funny clothes, participate in silly contests, and get to show off their spirit, sense of humor and creativity. This time is known as Spirit Week.

The second Spirit Week was shortened to only three days, Feb. 21-23. The first spirit day was Elementary Day, where students dressed up like they did in elementary school. Decked out in everything from sweatpants and velcro tennis shoes to tight rolled jeans and charm bracelets, the students revisited their younger school days. Senior David Peterson won for having the best elementary school outfit.

Wednesday was also the day the annual student vs. faculty games were held. First, the senior girls took on the faculty in volleyball. After 20 minutes of play, the senior girls' lost to the faculty, 3-18. Next the senior guys took on the faculty in basketball. The seniors took the early lead, but the faculty soon pulled ahead and kept the lead the rest of the game. The faculty won, 40-25.

Thursday was Disco day, where students and faculty dressed up in their best Disco duds and made the halls of Hoover look like an episode from the *Brady Bunch*. Students pulled out platform shoes, leisure suits, bell bottoms, and pychadelic shirts that were buried deep in their attics to wear for the days' activities. During both lunches, a Disco Contest was held. Students boggied down and showed off their groovy dance moves. Junior Jay Brommel won for first lunch. Sophomore Tim McCoy and senior Jody Powell won for second lunch. Senior Marci Simonini won for best dressed on Disco day.

Friday was the traditional Green and Gold day. Students displayed their school spirit by dressing up in their school colors. Seniors Billy Howe and Bryan Howe, wearing old Hoover basketball warm-ups, won for best dressed.

Seasons of Success

For the first time in the history of Hoover High School the Student of All Seasons assembly was held in February. The assembly not only named the Student of All Seasons and Teacher of All Seasons, but also included a student/faculty three-point contest, the announcement of spirit week contest winners, and special performances from Harmony, jazz band, the drill team and the cheerleaders.

"The assembly went really well, considering everything got going kind of late. Everyone gave great performances and I really enjoyed putting the assembly together. I just hope everyone enjoyed the festivities," said assembly co-chair Sally Allan.

The main events for the assembly were the crowning of the Teacher and Student of All Seasons. Student nominees were required to have at least a 2.8 GPA, be involved in at least two extra-curricular activities and demonstrate positive leadership in the school and community. The teachers were nominated based on involvement outside of the classroom as well as on their ability to motivate students inside of the classroom.

The final candidates for Student of All Seasons were Sally Allan, Amy Lee, Emily Minnis, Angela Neve, David Peterson, and Jodi Solberg. Underclassmen attendants were junior Taylor, sophomore Joelle Coons, and freshman Eric Sharp. The final attendants for Teacher of All Seasons were John Eller, Don Perschau, and Mary Ann Spicer.

"It was a close election for both the Student and the Teacher of All Seasons. There were over 40 teachers nominated for Teacher of All Seasons, and many more than that for Student of All Seasons," said vice-principal and faculty sponsor Dennis Ramsey.

Student of All Seasons recognition was awarded to David Peterson and Teacher of All Seasons recognition was awarded to Don Perschau.

And the winner is... – Last year's Student of All Seasons winner, Erica Swanson, pins on the Student of All Seasons sash on this year's winner, senior David Peterson.

Winter Wonderland

On Feb. 23, 1996, the Snow Ball was held from 8 p.m. to 11 p.m. This was the first year the dance was held in February instead of April, when the annual Spring dance usually occurs.

To kick off the Snow Ball, the decorating committee gathered together, grabbed all of their supplies and headed off to the Botanical Center where preparations began. With a short amount of time on their hands they used the time they had to make the different rooms very colorful.

"We kind of got off to a late start, but I think under the circumstances it went really well. The dance was decorated really nice, but I wish we would've had a bigger turnout," said senior Sally Allan.

The dance kicked off at 8 p.m. with some music and dancing. There were two different areas students were allowed in. There was a karaoke machine set up in one of the rooms that allowed the students to show off their voices, while making fools of themselves but having a good time doing it. Refreshments such as pop and pretzels were served throughout the night in the dance room.

Another advantage of having the dance at the Botanical Center was that when the students were tired of dancing or sitting around talking with friends, they were allowed to walk through the Botanical Center itself. The breeze throughout the center allowed students to cool off after sweating from dancing.

"It was something a little different since we've never had a winter formal before, but the committee did a good job decorating and putting the dance together," said junior Nga Lam.

Vice-principal Billie Stone said, 'The winter formal was fabulous. The young people conducted themselves in a suave manner. Too bad we can't have a formal everyday - proper dress denotes proper behavior.'

Spring Supprises

As the signs of spring became evident, students became more anxious to throw aside all their schoolwork and start thinking about their spring break destinations.

Students had various vacation spots in mind. Some planned to visit relatives and friends in other parts of the United States while others wanted to get out of the country all together.

Senior Mike Kelly said of spring break, "About this time of the year I start to get really sick of all my classes, and teachers, and pretty much everything involving school. It was nice just going to (Cancun) Mexico."

A few students did not have any specific place in mind. A week of relaxation, no homework, and sleep was their goal.

Senior William Thompson said, "I was ready to either go on break, or kill myself, one or the other. I just couldn't take it any more."

Students were scattered all over the country during the week.

Senior Janet Buckley said, "I went on a cruise in the Bahamas with Amy McDonald, Beth Burnquist, and Lela Braden. We went shopping and tasted many aspects of the rich culture down there. We also drank in the surroundings."

Sophomore Beth Soike said, "I only traveled to Iowa city, but man, the shopping there is like a whole new world, a new fantastic point of view."

Spring break for many was a chance to escape the daily school grind. For those who traveled outside the boundaries of Iowa, they had the opportunity to see and experience new things. For those who stayed in the city, it was a week of slowing things down and taking a break from the norm. Whatever their plans were, students agreed that Spring Break week came just in the nick of time.

Making a point – Senior Jason Van Hemert makes his opinion heard at a National Honor Society meeting. National Honor Society was led by co-presidents Jon Talcott and Andrea Kueck, vice-president Tom Stehl, secretary Nga Lam, treasurer April Taylor, and parliamentarian Jason Cowden. NHS was involved in such activities as the Blood Drive, Make-a-Difference Day, and writing a grant for the GNCC.

Hard at work – Juniors Katie Bierma and Kathi Buckley study for an upcoming test in the journalism room. Bierma was a student in Journalism I, taught by Laura Ahrendt. Buckley was the primary photographer for the *Challenger*, and also took photos for the yearbook.

Live & Learn

The bell rings, and another school day begins. The students slowly file to class. Although the student body is diverse, academics is the common thread that weaves the many cultures of Hoover together.

Living and learning is what school is all about. Academics is the key to success later in life, and Hoover provides students with the opportunity to expand their knowledge.

In the foreign language department, Spanish teacher Gerald Hollingsworth gave his students the opportunity to visit a foreign country, Mexico, and use their academic skills to communicate with another culture.

Mary Slater also provided extra-curricular activities for her French class. They traveled to Newton for a five-course French meal. While the students appreciated this excursion, they also learned a great deal about the French culture, which was the goal of the trip.

The Academic Decathlon team used their knowledge in competition. They competed with other district schools, and placed third in the city competition and third in district, an indication that Hoover students excel in the area of academic achievement.

Central Campus was again offered to Hoover students that sought to expand their knowledge still further. Students were able to choose from a variety of courses designed to help them prepare for the coming years of college.

The top three percent were the students dedicated to earning the grades needed to enter college. They worked hard to achieve this goal, and were well-rewarded with recognition at the end of their tenure at Hoover. These students exemplify the academics program at Hoover High.

The bell rings to signal the end of the school day. The students file out of class quickly, ready to begin their after-school activities. Although they are anxious to leave class, they are secure in knowing that each day at school provides them with knowledge that will be useful later in life.

photo by Brad Steffen

Sharing knowledge – French teacher Mary Slater goes over the lesson plan with her first-year French class. Slater teaches both Hoover and Meredith students, and her room is located between the two schools.

photo by Loan Pham

Accent on... Language

Hoover's foreign language program is a model of longevity. Gerald Hollingsworth has taught at Hoover for 18 years, and Mary Slater has taught at Hoover for eight years. A third teacher, Beth Eilers, just joined the department for the '94-'95 school year, and a fourth, Dana Wester, also teaches Spanish.

Hollingsworth teaches Spanish. Each year, he gives students the opportunity to use his teachings by setting up a non-school-sponsored trip to a foreign country, chaperoned by himself and his wife. This year's trip was to Cancun, where students had the opportunity to see the many cultural sights of Mexico.

Hollingsworth said, "Most years the trip goes smoothly, but there's always the occasional person who doesn't listen to the advice I offer them. These students are usually the ones who come crawling back begging for my help."

Slater's forté is French. She also teaches an Introduction to Foreign Language class at Meredith Middle School.

Each year, she takes her fourth-year French classes to Newton for a five-course French meal at J.T.'s Cuisine. Slater said, "The place doesn't really look like a restaurant, but more like a farmhouse. The kids enjoy it anyway."

Beth Eilers joined the department in 1994, teaching Spanish and French. Her schedule this past year was made up of mostly Spanish II classes, with one period of Spanish I and one period of French I.

Eilers said, "I enjoy the teaching atmosphere at Hoover. I was surprised when I first arrived how casual the atmosphere was, but the students were still able to concentrate and enjoy learning."

Dana Wester teaches two periods of Spanish I for Hoover.

Relative newcomer – Beth Eilers is in her second year in the foreign language department. Her students said she has been a positive influence.

Making arrangements — Spanish teacher Gerald Hollingsworth discusses his plans with a tour guide, Ruben Sánchez, the bus driver, Cochese Smith, and junior student Katie Bierma in Cancún, Mexico. Hollingsworth has sponsored the trips since 1969.

Sinking in — Spanish and French teacher Beth Eilers hopes her lesson plan for the day is sinking in, while her third-period class listens. Eilers said she enjoys the learning atmosphere at Hoover, and the willingness of her students to learn.

photo by Jon Talcott

photo by Loan Pham

Busy schedule — Señor Hollingsworth, shown here teaching a Spanish III class, has a busy schedule outside of his duties at Hoover. He teaches DMACC classes at night, and is also a certified driving and motorcycling educator.

Surprise, surprise! — Mary Slater gasps with surprise at the answer of one of her first-year French students. Slater has been teaching at Hoover for eight years, and an equal number of years at Meredith.

Academic Decathlon team, front row – Loan Pham, Deven Cole, Terri Bradley, Bill Cone; back row – Will Simms, Jeanda Cavan, Joseph Nagle, Steve Whitney, Kristina Sheaffer, and Melissa Boatwright. Not pictured – Jason Van Hemert and James Grimaldi.

photo by Pam Pilcher

Using their Heads

A variety of academic clubs were held at Hoover this year, including: Academic Decathlon, the Chess Club, and Knowledge Master.

Academic Decathlon consists of competition among schools through the usage of fiber optics communication. Competition involves a wide range of questions varying from seven different academic categories.

This year's team won all but two of its matches and placed third at the regional competition, the best in several years. Leading this year's group were co-captains junior Loan Pham and junior Thai Do. They both said the season went well.

"We had a very successful season, placing high at regionals, mainly due to having a full nine member team with many alternates," Pham said.

The team was guided by Coach Pam Pilcher, who said she was also impressed with the overall season.

"We did well in the fiber optic competition," said Pilcher. "Hoover has a strong academic student body to draw from, so our strengths will continue."

Knowledge Master is focused on one main competition each year. This year's was cancelled due to blizzards.

"I was disappointed that the meet was cancelled but the team will be ready for next year," said senior Jason Van Hemert.

This year's chess club was small, but they mainly just had fun said junior Michael Mondt.

"This year's team was too small for competition, but we're just starting out and will have a competitive team soon," Mondt said.

A fresh look –

Freshman Bill

Cone eyes a pam-

phlet, awaiting an

Academic De-

cathlon meeting

at Hoover on Feb.

Taking over — Senior Minh Dao gets a chance to teach his AP Chemistry class at Central Academy all he knows about carbons during his presentation on Mar. 13.

photo by Loan Pham

CENTRAL

opens doors

Diversity is a quality that stands out at Central Campus, with students coming from every high school around Des Moines. Central Campus is mainly offered to juniors and seniors with the exception of two classes offered to sophomores.

Central Campus offers classes such as Automotive Technology, Home Building, and Marine Biology. The two classes offered to sophomores are Aviation I and Home Remodeling. Students are often bused out to work sites in cases where equipment is not available at Central.

The classes are given in two or three hour periods. Students are given extra time, usually fourth period, to travel to and from Central.

Central Academy is incorporated into Central Campus and is offered to students in eighth through 12th grade. To enter and stay in the Academy, students have to earn and maintain an "A" or "B" in a class to move on to the next level.

Junior Andrea Kueck continues to go to CA "because the classes there are more challenging than at Hoover. You also get to meet a lot of people from different schools."

Central also offers advance placement prep courses. The courses help prepare the students for the AP tests given in the spring. The tests allow students the opportunity to get college credit. According to Academy counselor Eleanor Verwers, these prep courses are "more fast paced and more in-depth than classes offered at the home schools."

Don't drop it!

Senior Skott Lorenzen works intently on mixing chemicals during one of Jerry Farrel's after school chemistry labs held every other Weds. at Central.

Did you hear? – Senior Jennifer Merrit and a fellow CAI member discuss the latest gossip of the day at the CAI luncheon.

A friendly lunch – CAI director Nancy Winebrenner enjoys having a bite to eat and sharing in the conversations of her CAI students at the CAI luncheon.

photo by Jona Knox

CAI works it out

Corporate Academic Institute, CAI, was started in the '92-'93 school year. It has given students on the job training before they graduate. Students earn one and a half credits each semester to help meet their high school requirements for graduation.

Sophomores, juniors, and seniors are eligible to enter this curriculum. The students need to have fewer than 12 absences per school year and at least a 2.0 grade point average to obtain an application packet from the counselor or Nancy Winebrenner. Interviews can also be requested for those who were not able to meet the minimum standards.

There are two stages to CAI. The first is the extern stage. It gives "students who are still unsure learning experiences," said Winebrenner. The students are required to do major projects called "Exhibitions" along with essays and other out-of-school assignments.

**Entering in-
formation –**

Senior Maisha

Rudison types

an appointment

into the com-

puter at her CAI

work station.

The second level is reserved for seniors only. It is called the intern level. This level is for students who have specific educational/professional goals. As interns, students explore their goals and obtain basic training experiences under professionals.

This year, CAI students spent two days each week in the classroom and three days at learning stations. The classroom situation was used to teach basic work habits and attitudes. The learning stations let the students work one-on-one with trained professionals, giving the students job experiences and career ideas for when they enter the work world.

photo by Cindy Grandquist

P.E.O.P.E.L.

gets physical

P.E.O.P.E.L. PE, Physical Education Opportunities for Exceptional Learners, is cooperatively taught by Dave Linder and Cindy Grandquist, with help from Joan Mickle, Bobby Sandquist, and student helpers (partners). P.E.O.P.E.L. is a "specially designed curriculum to include individual leisure activities, team sport skills, and social skills," Linder said.

Sports such as bowling, basketball, and swimming help the students develop their social and team skills. Activities like camping, fishing, and ice skating were introduced to the students to give them something they can take with them to their home environment. Grandquist said that the "big emphasis is on teaching the kids things they can take and apply to their lives."

The class' main goal this year was to target in on the various Special Olympic Events, such as bowling, volleyball, swimming, and basketball. In previous years, Hoover had participated in only track and field events. This was the first year "unified" teams were introduced. The teams consisted of P.E.O.P.E.L. students and student helpers.

According to Grandquist, the partners were a big asset. They introduced the students to the school life.

The partners who were involved in Student Council sometimes brought students with them to show them what happens at meetings. The students also shadowed partners working in the counseling offices. Grandquist said that the experience gave them a sense of involvement within the school.

On the move – Freshman Nick Folk and senior Heather Mallette move down the court during a P.E.O.P.E.L. PE. competition.

Graduation day — Principal Bill McCollough speaks to the sophomore SWS students on their graduation day. The theme for the day was "Above the Rim".

Clowning Around — Sophomore Cardell James helps educate elementary kids as while as entertain them with the SWS Clown Club.

photo by Lynn Albright

SWS's academic revival

School Within a School, SWS, is an alternative program especially designed to give students with the potential, but not the motivation, a chance in the academic field.

The program is offered at the freshmen and sophomore levels. Virginia Mortensen, counselor for all SWS students throughout their high school years, screens the students while they are in junior high to find out if SWS would be beneficial to them.

"Town meetings", supervised by Mortensen, were held during first through third period. During these sessions the students participate in constructive discussions, watch movies, and vote on matters that concern the entire SWS student body.

Class clown —

Sophomore Amber

Fontaine performs at

a local day care for

the Clown Club. The

club taught elemen-

tary kids about things

like "saying no to

drugs" and "don't go

with strangers."

Along with math, English, and history, SWS offers outlet clubs. One such club is the Clown Club, which is only offered to sophomores in SWS. The students dress up in clown costumes and go to surrounding schools and entertain the younger children. "The most interesting thing about SWS was the Clown Club," sophomore Andrew Johnson said.

SWS classes are smaller, about 15 students, making it easier for teachers to maintain an academic atmosphere.

SWS students don't have problems understanding materials taught. They often are dealing with personal problems that inhibits them from performing academically, teacher Jerry Gay said.

Head of the Class

This year, 18 students received the honor of being recognized as the top three percent of the senior class. This distinction is typically perceived to be an award presented to dedicated, hard-working students who have put in more than their share of time and effort for their schoolwork. These students finished at or near the top of their class this year.

Senior Minh Dao said, "I am very thrilled to be included in the top three percent. I studied hard, and tried to learn as much as I could during my high school career. I only hope my studies have adequately prepared me for college."

Dao was one of many who expressed concern about his college future. Senior Chris Sampson said, "I'm happy to be included in this category. I have worked hard the last four years, but it's kind of a relief that it's over. Hopefully, this recognition will boost my college application a bit. There's a lot of tough competition out there."

While these students have already begun looking toward the future, their accomplishments will stand for future classes to admire. Senior John Miller said, "I hope the underclassmen will look at our example and try to follow in our footsteps."

photo by Kirsten Knox

Leading the way – Senior Bryan Howe presides over a student council meeting in the auditorium. Howe was student council treasurer as well as a member of the top three percent.

This & That

So what was happening during '95-'96? Who made the headlines? Who topped the charts? What made us laugh? What made us cry? Step into mini-mag and revisit all the news and events that made headlines during the year and made '95-'96 memorable.

Headlines in the news were both good and bad. First the good news. The United States got a visit from Pope John Paul II. The FBI arrested suspects in both the Unabomber and Oklahoma City bombings. Baseball player Cal Ripken Jr. broke the record for number of consecutive games with 2131 games attended. Aids patient Jeff Getty received the first bone marrow transplant from a baboon on Dec. 14.

On a sad note, there was the loss of many beloved people this year. Comedian George Burns died shortly after his 100th birthday. Israeli Prime Minister Yitzhak Rabin was assassinated at age 74. Music legend Jerry Garcia of the Grateful Dead died at age 53, after making music for the past 30 years. In other news, Actor Christopher Reeves was paralyzed after a riding accident. And the Blizzard of '96 broke record low temperatures and record snow falls all around the United States.

On the Entertainment front, musicians Seal and Alanis Morissette proved to be the favorites at the Grammys this year. Seal took home grammies for Best Song and Record of the Year for his ballad "Kiss From a Rose". Morissette took home four grammies, including Album of the Year. While at the movies, Mel Gibson's "Braveheart", proved to be the big winner, taking home Best Movie and Best Director honors for Gibson. Nicholas Cage took home the honors for Best Actor for his role in "Leaving Las Vegas" and Susan Sarandon won Best Actress for "Dead Man Walking".

And that's what happened in '95-'96.

On for the books

— Baltimore

Orioles shortstop

Cal Ripkens Jr.

broke Lou Gehrig's

record and played in

2,131 consecutive

baseball games on

Sept. 6. Ripkens fin-

ished the season hav-

ing played in 2,153

consecutive games.

Well-guarded pris-

oner — Timothy McVeigh and Terry Nichols were charged with 11 counts in the bombing of the Oklahoma City Alfred P. Murrah Federal Building. The explosion on April 19 killed 169 people and injured more than 500.

As Civil War raged on in Bosnia, the United Nation sent in troops to help restore peace.

Israeli Prime Minister Yitzhak Rabin was assassinated on Nov. 4 at the age of 74 at a political rally. Rabin worked to bring peace with the Palestinians.

Shawntel Smith was crowned Miss America on her 24th birthday. Viewers called in and voted on whether the swimsuit competition should be part of the pageant. 79 percent said yes.

Stormy weather — Hurricane season for the Atlantic region was devastating. Officials had almost reached the end of the alphabet naming the storms and started over with the Greek alphabet.

Making a Difference

Sacrificing sleep on a Saturday morning, around 100 volunteers and organizations got together to establish the Great Northwest Community Campus.

On Oct. 28, volunteers began arriving at 7:30 to start the clean-up. They were greeted with coffee and donuts provided by National Honors Society.

The Meredith Special Education and the Hoover Drama and Music Departments worked on planting flowers around the campus. The flowers were provided by Earl May Nursery. Science students introduced earthworm to the soil in the flower beds in front of the schools.

\$1500 worth of trees were also planted around the campuses of Hoover and Meredith. The funding for the trees came from the Gannet Foundation, a works study program called New Horizons, and the Iowa Department of Natural Resources. The Des Moines School District provided the mulch for surrounding the trees.

Fencing was put up by the Hoover Booster Club around the soccer field. The volunteer labor saved \$900 and ensures the safety of all those who use the field.

According to the Great Northwest Community Project committee, the purpose of the day was to "provide an opportunity for community awareness of outdoor education, recreation, and improved community aesthetic."

Topping the charts — Newcomers Hootie and the Blowfish easy going attitudes and mellow sound proved to be a winning combination for the making of a new chart topping sensation. The group walked away with the Grammy for Best New Artist.

Sen. Bob Dole, at age 72, wins the Republican Presidential nomination, stepping down as Senate Majority Leader to concentrate on his campaign.

Steffi Graf won back to back Grand Slam titles at Wimbledon and the U.S. Open. Graf has a total of 19 Grand Slam titles.

In October, Pope John Paul II visited the US for the fourth time since he was elected in 1978. He is the first non-Italian to head the church.

Marching Together

On October 16, 837,000 black men came together in Washington and marched in a spirited rally for unity and brotherhood. The Million Man March was organized by Nation of Islam leader Louis Farrakhan, which caused a hotly debated proposition on both sides of the color line due to Farrakhan frequent anti-Semitic remarks.

The controversy surrounding the legitimacy of the event caused many civil right groups, including the NAACP, to withhold support. Still, thousands of men from across America poured into the nations capital to march. Even though women were asked to stay home, a few came to support the cause. The men spent the day hugging, singing, praying and pledging responsibility to their families and community. There were many speeches made by the many African-American leaders that came to support the march.

The day ended with participants being optimistic that the outcome of the peaceful gathering would be a greater understanding and acceptance between black and white americans.

Joker Busted

Hoover, along with the other Des Moines Public Schools, adopted the zero-tolerance weapons policy this year. The Herbert Hoover High School '95-'96 handbook states: "The Des Moines Public School will not tolerate the possession or use of weapons on school property or at school related activities . . . and while away from school grounds if such conduct directly affects students or staff. Students who violate this policy may be subject to expulsion and/or other disciplinary action . . . violations of this policy will be reported to law enforcement agencies." A weapon is any object that could be used or is used for malicious purposes. Objects such as knives, and firearms are obvious weapons; but toy guns and water pistols are also prohibited.

On October 3, an incident at the Merle Hay and Aurora intersection proved that the zero tolerance policy will be strictly enforced. The incident involved two cars containing Hoover students returning to school from second Lunch. The cars, the first occupied by male students, the second occupied by female students, stopped at the intersection. One of the young men pointed a plastic toy gun out the window at the second car. Unknown to the students, an adult had pulled up behind the cars and had witnessed the scene. She followed the students back to the Hoover west parking lot, while notifying the police department from her cellular phone.

Vice Principal Billy Stone and Dean of Students Dennis Cumpston identified and suspended the guilty parties later that same day.

The Cranberries, are closing in on U2's reign as favorite Irish band. The group third album "No Need To Argue" was on the charts for several months.

After 30 years of waiting, the Atlanta Braves won the 1995 World Series against the Cleveland Indians four games to two.

Texas billionaire, Ross Perot, joined the race for the presidency announcing he was a candidate for the Independent party.

Taking a stand — Protesters rally to keep affirmative action alive as Congress debates on whether or not it is necessary.

Manhunt Ends

After 18 years of searching, the FBI arrested a man they believed to be the Unabomber on April 3. After two weeks of surveillance, Theodore Kaczynski was arrested at his home in Lincoln, Montana. Authorities were led there by Kaczynski's brother David.

The *U.S. News and World Report* said that the FBI was skeptical at first when they were given information on Kaczynski. He had always been on the list of potential Unabombers, but never a prime suspect. Kaczynski's mother, Wanda, gave FBI agents permission to search her house, thinking it might help prove her son innocent. The agents found old letters from Kaczynski with similarities in the writing and identical phrases that were in the 35,000 word antitechnology manifesto that the Unabomber demanded be published in *The Washington Post* on September 19, 1995. In exchange for publishing the manifesto, the Unabomber said he would stop the mail-bomb attacks on individuals, but not the bombing of buildings.

After Kaczynski's arrest, a bomb squad checked out the house. The investigators found jars of potassium chlorate, sodium chlorate, zinc aluminum, and silver oxide, chemicals used to make bombs. The investigators also found ten three-ring binders with notes tracking the Unabomber's activities over the past 18 years.

Since 1978, the Unabomber has bombed 16 times, injuring 23 people and killing three. The FBI dubbed him the Unabomber because his initial attacks were on universities and airlines. His last attack was on April 24, 1995. Gilbert Murray, the chief lobbyist for a California Forestry Association, died after opening a mail bomb at the organization's Sacramento offices.

The jury began hearing evidence for the case against Kaczynski on April 17.

Ready or not? — Many voters hoped that General Colin Powell would throw his hat into the race for the presidency, but after months of consideration, he said the presidency "requires a calling that I do not yet hear."

TLC won the Grammy for Best Rap Duo for their album "CrazySexyCool", which produced two number-one singles, "Red Light Special" and "Waterfalls".

Baseball said farewell to one of their greatest players with the passing of Mickey Mantle. Mantle died at age 63 of liver cancer.

Russian president Boris Yeltsin agreed to send troops to help NATO peacekeepers in Bosnia. Yeltsin had a shaky first term as president.

Petitioning for Cause

Since January '96, the Des Moines School Board has been debating a controversial issue. Where does "sexual orientation" fit into the school district's hiring policy?

The controversy started in January, when a school board member, after announcing he was gay, was not re-elected to the board. Since then, the council has been debating the issue of sexual orientation and whether or not homosexuals should be allowed to teach. The council has heard many opinions for and against this argument.

A group of concerned parents came up to the school board with a petition with 1,000 signatures on it. The petition stated that they wanted the phrase "sexual orientation" to be excluded from the non-discrimination clause of the hiring policy. The group felt that teachers have a lot of influence over the students and allowing gay teachers to teach in the school district would put the students at jeopardy.

The students fought back with their own petition. Concerned Students of Des Moines, led by Roosevelt junior Kit Murry and North junior Sarah Dirks, went to the council with 5,850 signatures from students from all over the school district. Their petition stated that it was unfair to discriminate against people because of their sexual orientation and they felt that the clause should be kept in. The petition went around all the area high schools.

The Des Moines School District current hiring policy states that a person cannot be discriminated against or turned down from a job because of his/her race, marital status, religion, and/or sexual orientation.

Tragedy Strikes

The tragic death of a Des Moines woman awakened the reality of the increase in violence and violent acts in the city.

Phyllis Davis, a former Hoover graduate, was caught in the middle of a crossfire at the corner of Ninth Street and University Avenue on April 8. She was killed by a bullet that hit her in the left side of her back. She was on her way home from work when the incident happened.

According to police reports, an onlooker had seen a man carrying a gun and fleeing from the scene. Councilwoman Christine Hensley responded to the tragedy with anger, "They have grown accustomed to guns. That is not right."

The event had residents pleading with officials to deal with the issue of rising violence in Des Moines. The City Council responded by passing a resolution pledging to deal with the violence. Councilman Preston Daniels said that there are too many guns on the street "and more needs to be done to get them off the street."

Tens of thousands of refugees flee Bosnia as the civil war wages on. NATO forces continued to attempt to bring peace to the land.

The Dallas Cowboys' claimed their fifth Super Bowl title, beating the Pittsburgh Steelers 27-17 in Super Bowl XXX.

Country superstar Garth Brooks won Performer of the Year at the American Music Awards but refused to accept it saying that all the nominees deserved it.

Staying put -

What a view — Hoover students visited Saint Basil's Cathedral in Moscow, Russia during the Sci-Link Russian Exchange III.

photo by Nikki Johnson

The Russian Connection

all photos by Associated Press

The Verdict — O.J. Simpson was found not guilty of murdering Nicole Brown Simpson and Ronald Goldman. It took the jury only four hours to reach the decision.

The Hoover High School Russian Sci-Link Exchange spent three weeks half-way around the world. This is the third year for the program.

Science teacher Tom Ludwig accompanied 10 students, from grades 10-12, to Russia this year. The students were seniors Steve Lyon, Stephaine Roskamp, and Katy Tyrrell, juniors Casey Coppi, Nikki Johnson, Samantha Johnson, Eica Hanlon, Alisha Smock, and Jeff Wilson, and sophomore Ben Minnis. The group left for Moscow on Saturday, April 7.

When they first arrived, the students were given a short tour of Moscow, then dropped off at their host homes.

"The first morning it was hard to get used to their food," senior Stephanie Roskamp said. The students got acquainted with their host families the first weekend in Moscow by going to a circus.

Junior Nikki Johnson said, "Throughout the whole three weeks we visited different English classes, talking to students about American-life and our daily experiences in Moscow."

The following weeks were full of tours, trips, and cultural events for the group to attend. They toured the Kremlin, visited the Cathedral Square and the Kremlin Armory, which holds the crowns and wardrobes of Catherine and Peter the Great, went to several ballets and operas, the paleontological museum and the University, Russia's only college. The students also went to several art museums and cathedrals, along with a three day train trip to Saint Petersburg.

Sophomore Ben Minnis said, "The Sci-Link exchange was a great experience and I would recommend it for anyone if it is offered again."

Pete Sampras wins his third U.S. Open title after winning his third straight Wimbledon, both times beating opponent Andre Agassi.

Singer Sheryl Crow won three Grammys in 1995 for her debut album. Crow toured the troops in Bosnia along with First Lady Hillary Clinton.

Palestine Liberation Organization leader Yasser Arafat helped in the negotiations to transfer the West Bank territory back to the residents.

photo by Kari Greenlee

Marching on—Senior Chad McVey and sophomore Jaime Beard perform during half-time at The Cara McCrane Memorial Stadium. Marching Band spent many hours before school getting ready for their half-time performances.

Sharing the joy—Freshman Emily Audlehelm experiences the true meaning of Christmas along with fellow cast members, senior Willy Thompson, freshman Casey Grimaldi, and junior John Audelhelm, in "The Best Christmas Pageant Ever".

Before & After

Not all activities are just something to do before and after school. Some are very competitive and take many hours of hard work and practice, while others help other students and the community.

The Hoover marching band spent many hours practicing outside before school. They performed during half-time at football games and at numerous competitions.

In debate, senior James Grimaldi was the Iowa High School Speech Association (IHSSA) state speech champion.

The Hoover arts started a new performance called "Herbie's Hideaway". The "Hideaway" was a coffee shop atmosphere. Students and teachers performed skits, sang, and recited poetry.

The Peer Helpers were under direction this year by Hoover's new counselor, Jan Callan Mashek. They held assemblies for elementary schools with inspirational speaker Pat McManus. They also helped at conferences and tutored students before finals.

Imani Players did many performances such as "A Woman Called Truth", "Abolition Flier", and "African Christmas", which was held at a Kwanzaa function. The Imanis aim at sharing their knowledge of African-American cultures with the community.

The drama department did a number of performances including, "Charlie and the Chocolate Factory", "The Best Christmas Pageant Ever", "The Bad Seed", and "Scapino". There was also a performance of Commedia held at Java Joe's.

Activities play a crucial role in building Hoover. Students spend many hours before and after school representing Hoover by participating in activities. Activities give students a chance to use what they have learned, before and after school.

Taking charge

Busy working - At the first meeting of second semester, vice-president Katie Bierma takes notes on the meeting as treasurer Bryan Howe listens.

Student Council made a difference to Hoover students through its many committees' work. Some of the committees which were active included the Homecoming Committee, S.A.D.D., TLC, intercultural, Service Committee, Cafeteria Committee, Social and Spirit Committees'.

This year the Homecoming Committee broke a school record with almost 600 attendants at the Homecoming Dance held on Sept. 30. "Homecoming was such a success," said senior Marci Simonini, "that we didn't have to do any fundraisers for Student Council because we raked in so much cash."

The Spirit Committee, in a successful attempt to boost school spirit, held many homeroom contests such as "Which homeroom could sing the school song the loudest" after Spirit Week was shortened in the fall. The Spirit Committee was also responsible for organizing the pep assemblies that were held throughout the year.

Student Council was also home to Interculture Programs (ICP). The goals of ICP are cultural awareness and student acceptance. Teachers who sponsored these programs included Janiece Ochoa, Mary Ann Spicer, Bill Griffin, and Vinh Nguyen. Intercultural Programs organized and led activities during Black History Month in February and diversity week and the multicultural luncheon in mid-April.

Second Semester president Jake Smith said, "It was really great being a part of Student Council. We accomplished

everything we wanted to. It felt good to be involved in something that actually matters."

Student Council sponsor and vice-principal Dennis Ramsey commented on the second semester cabinet's goals. "The new cabinet (members) are focused on getting all the committees functioning and working on activities for

the good of the students and the school and sometimes even the community," vice-principal Dennis Ramsey said.

Ramsey also said he encourages all students to get involved in their school's activities, regardless of whether they're a Student Council member.

"What most students don't realize is that any student can be a member of or even chair a committee without being a representative," he said.

First semester treasurer Billy Howe said, "I feel that we got a lot of good things accomplished. We were able to get a lot more people involved this year than in the past, and hopefully they can continue to make positive changes next year and in the future.

The first semester officers were: Diondra Tate; vice-president, Veronica Brown; Secretary, David Peterson; and treasurer, Billy Howe. Second semester officers were: president, Jake Smith; vice-president, Katie Bierma; secretary, Tiffany Camus; and treasurer, Bryan Howe.

Listen and learn - President, senior Jake Smith and vice-president, junior Katie Bierma look on as committees speak.

Let's talk — Senior David Quinones speaks at the diversity assembly in the auditorium.

Clubs Serve Students

There were three major clubs sponsored by the student council in the beginning of the 1995-1996 school year. However by the end of the year there remained only two. Citing decreasing membership and a common sponsor, S.A.D.D., which stands for students against drunk driving and T.L.C., which stands for teen leadership connection and specializes in drug education and prevention, were combined to increase productivity and leadership inside the community.

"We felt it was necessary to combine the groups in order to do a better job serving the community," said junior Charlene Meyer, president of S.A.D.D.

Despite declining attendance the group remained active, sponsoring the Red Ribbon campaign against drunk driving, making educational posters to hang in the student center and even sponsoring the drunk driving simulator that was at Hoover in the fall.

photo by Eric Groen

The other club sponsored by the student council was ICP. ICP stands for Intercultural Programs and was established to promote diversity within the school. ICP sponsored several events throughout the year, most notably diversity week from April 20 to April 25. Diversity week included a diversity assembly, a cultural pride fair, and a multicultural lunch.

"The whole week went really well. I was really impressed with the student participation," said ICP president David Quinones.

"I was really proud of the group this year, they did a great job," said ICP sponsor Mary Ann Spicer.

photo by Dave Peterson

Keeping The Time

The Timer's Club and Yell Leaders were once again involved with the men's swimming team. They ran the home meets, were responsible for all the timing of the events, and were the primary cheerleaders for the team too.

Men's swimming coach Dave Linder said, "This year's Timer's Club did an outstanding job of running our swim meets. They are a unique group in that they basically do the jobs normally reserved for adults at our swimming meets. This year's organization and professionalism was even higher than their normal standards of excellence."

The Timer's Club and Yell Leaders were led by co-presidents Amy Hanlon and Jennie Ruby, vice-president Katy Harris and secretary/treasurer Monica Losee.

"Our goal and purpose was to make the meets go as quickly and smoothly as possible and to encourage the swimmers to go faster and reach their goals. I have had a great time getting to know the guys and encourage new people to get involved for next year," Hanlon said.

The Timer's and Yell Leaders were recognized for their efforts at the men's swimming banquet held at the Royal Fork Buffet on March 14 by receiving either a letter or a certificate of participation.

This year's letter winners included seniors Cathy Claycomb, Tammy Grover, Amy Hanlon, Katy Harris, Angela Neve, and Jennie Ruby; juniors Andrea Kueck and Carrie Stackhouse; sophomores Lyssa Dusenberry and Kasey Grimaldi; and freshman Danae Kinzel.

"Their support is really appreciated and they are a real encouragement while we are swimming," junior Alex Albright said.

photo by Mullica

Clowning around—Seniors Mike Kelly, Billy Howe and Chad Murray take a break from writing their stories to have some fun with the computers.

Making Headlines

This year, the newspaper class faced the same obstacles as the rest of the journalism department: reduced staff size.

Co-editor-in-chief, senior Katie Streeter, said, "This year we had a much smaller staff, so everybody had to do more work. The staff is hard-working and dedicated, and our layout has improved greatly over the year. I think the appearance of this year's paper is a lot more professional-looking than was last year's paper."

The Top Ten lists by seniors Chad Murray and Billy Howe were back again this year, adding the element of humor to each issue.

Other interesting topics covered included smoking, marijuana, and alcohol use. These

stories proved to be the favorites among the student body as well as the *Challenger* staff.

Unlike previous years, the *Challenger* staff members said that obtaining information for stories didn't seem to be a problem. Murray said, "I didn't have difficulty getting information for anything, because I do stories such as Top 10, restaurants, movies and CD reviews, and Opinions."

Co-editor-in-chief junior Steve Whitney said, "It was a very productive year, and it was beneficial for those of us who worked to make the paper what it was. It is just like most other activities at Hoover."

Reviewing the Year

The Hoover Husky yearbook staff was interrupted this year by a sudden move from room 204 to rooms 208 and 206 at the semester break. Also this year, the yearbook class was split into two separate periods instead of the usual one.

Marci Simonini, senior editor-in-chief, said, "At first, it was hard to communicate between the two yearbook classes, but it got easier as the year went by."

Fundraising was important this year because of increased costs to the yearbook. Continuing a Hoover tradition, the yearbook staff sold pop, pizza, and baked goods for the fourth year. Profit was satisfactory, providing the funds necessary to develop the more expensive yearbook. The college-size book, used for the first time this year, was the reason for the price increase. Although the number of pages decreased, the dimensions of the book were increased, and many sections gained pages.

A highlight of some staff members this year was the opportunity to travel to a yearbook convention in Kansas City. Seniors Dena Shoemaker, Kari Greenlee, and Simonini were the yearbook staff members who went, along with advisor Laura Ahrendt.

Shoemaker, activities editor, said, "I will never forget the wonderful time we had in Kansas City at the yearbook convention, and all the entertaining workshops we went to."

When asked to summarize the year, Ahrendt said, "The 1995-96 yearbook class was a great group to work with. Marci did a superb job of organizing and leading as well. Together, the class worked hard to produce a great book."

photo by Mullica

Discussing Strategy — Seniors James Grimaldi, John Miller and Jason Van Hemert debate an upcoming topic as freshman Andrew Johnson looks on.

Hoover Debate Excels

The 1995-1996 Hoover Debate Team had one of its most successful seasons ever. Led by seniors James Grimaldi, Jason Van Hemert and John Miller, the Huskies were one of the top teams in each meet they have attended.

According to Coach Kirk Johnson, one of the most exciting events this season was the crowning of Hoover's first ever Debate State Champion, James Grimaldi. Grimaldi placed first, beating over 100 students from across the state to win the IHSSA State Championship in Ames.

There is no varsity or junior varsity; however, the Huskies normally send six people to each meet to compete against over 100 students from other schools. The group is then split up into four different rooms based on skill level and seniority.

The Debate team meets every-day seventh hour with Johnson; however, most of the preparation for meets is done on their own. Each student normally has a week and a half to research the topics.

The Huskies finished up the season strong with meets in Cherokee on March 2, and Iowa City on March 10. Grimaldi was named an alternate for the national tournament held in North Carolina and Nick Anderson and Kim Peddycoart were named Presiding Officers. In Iowa City, Miller, Van Hemert and Grimaldi were selected for the Super Congress.

Johnson summed up the season when he said, "It was a great year for the seniors and a good launching pad for the underclassmen."

photo by Eric Groen

Turn Up the Volume

"Radio/T.V. has become a class for the self-motivated; so if you have creativity, patience, and a desire to learn, Radio/T.V. is a great class," Radio/T.V. class instructor Kirk Johnson said.

"It is also a very rewarding and exciting field to be in, if you enjoy it and are good at it," he said.

This year's Radio/T.V. class had 24 students that met fourth hour with Johnson in room 66. They experienced both radio broadcasting and film production and the students received opportunities to pursue the areas they were most interested in learning more about. According to Johnson, Radio/T.V. has an open set of guidelines and class assignments; however, each semester includes five "feature" films and at least one major project. The major project for first semester was to create an opening for a television show and the major project for second semester was to create a music video.

Senior Tim Schnoor said, "It is fun to create what we think the song means and what that should look like. I have really enjoyed the creative part of Radio/T.V."

However, Johnson said he feels the most important project for Radio/T.V. was the making of the video yearbook. Throughout the year all the students gathered bulk footage of Hoover's various activities, and Johnson, along with several students, produced the video which went on sale after spring break. This year will be the tenth anniversary for the yearbook and the class goal is to sell at least 100 copies of the video.

"Last year's video yearbook sold 93 copies so a natural goal would be to top the century mark for the first time in the video's history," Johnson said.

Marching to Victory

From contests and festivals to parades and games, the Hoover marching band performed at many different events this year.

The marching band was led by the drum majors, senior Angela Neve and sophomore Jason Danielson. Band director Pat Kearney said, "Drum major is the hardest position to obtain in band. Jason and Angela have both worked very hard and are deserving of this honor."

The band started practicing in August, then continued with practices almost every morning throughout the season. Neve said, "We had a lot of talented underclassmen. We seemed to have more of a desire to succeed...a lot of dedication and hard work."

The marching band performed at the pre-game and at halftime of every home game. They also performed at many competitions and in some parades. They received an excellent rating and finished eighth out of 15 teams at Valleyfest on Oct. 7, as well as receiving an Excellent rating at Lincoln on Oct. 14. They took honors for Best in Parade in the Beaverdale Pa-

Flags Twirls On

At each of the home football games this year, the audience was able to see the twirling flags of the eleven members of the Flag Corps.

They performed at the pregame and the halftime of every football game and at pep assemblies. The Flag season was relatively short this year, with practices beginning in August and ending in October. The Flag Corps was led by senior co-captains Melissa Christ and Jennifer Brandt and had over half the members returning from the previous year's squad.

The season started off with the Flags receiving new uniforms. They were metallic green in color, with gold accents for trim. Junior Kristina Selander said, "The uniforms were a surprise. At first I didn't like the short skirts, but once I got used to them, they weren't so bad."

The Flag Corps performed to many different songs for the pregame and for the halftime shows, including "Work Song," "I Dreamed a Dream," "Attack on Rue Plumet," "One Day More," and "Land of 1000 Dances". They also performed a routine at the Homecoming assembly on Sept. 29 to the song "Hands Up".

Junior Andrea Kueck said, "I think we did a good job this year considering we had an inexperienced Flag Corps. The returning Flags and captains showed good leadership and teamwork. Flags was fun this year, and I'm glad we were able to try a lot of new things."

Selander summed up the season by saying, "The chemistry was unbelievable this year. With so many new performers, I'm surprised how well everyone got along. Overall, it's been a great experience."

Standing alert — Senior Flag Corps members Jennifer Ruby and Anna West prepare for a pep assembly performance while the student body looks on.

Getting it right—The concert band warms up before their performance at St. Thomas.

The Band Plays On

Concert band worked very hard to look and sound the best they possibly could this year.

The band featured students who played a wide range of instruments, such as percussion, brass, and woodwinds.

The band consisted of 60 students in grades 9 through 12, who practiced five days a week during first period. Under the direction of Patrick Kearney, the band participated in several concerts throughout the year, ranging from marches to very contemporary music and old fashion band standards. The concerts were held on Dec. 18, Feb 27, and May 18 at Hoover. They also gave a concert at Adventureland on April 28. The State Contest for Concert Band took place in May at Hoover.

Junior Jamie Beard said, "The concert band has really improved this year mainly because of our director Mr.

Kearney. He has made us work very hard and it has made us more mature. Hopefully we can reward him with our hard work by getting a "I" rating at State Contest in May."

Sophomore Nate Curl said, "The percussion section has gotten better throughout this year and I have seen techniques and skills improving among all of the percussionists."

Sophomore Jason Danielson said, "Mr. Kearney has done a great job choosing a diverse and challenging literature."

When asked to comment on the band, Kearney said "This year's concert band has been one of the most balanced, well playing groups I've worked with."

Concert Band members,

front row—Mandi Gremmer, Brent Thornburg, Jodi Wineinger, Lisa Simpson, Elizabeth Dusenburg, Angela Sampson, Olivia Roth, Michelle Hirsch, Angela Neve, Mark Dante, Ben Talcott, Mike Schultz; second row—Holly Feickert, Carmen Hanson, Tricia Van Zee, Talia Burnett, Jenny Faith, Kristi Larson, Michelle Kasper, Mary Mefferd, Jennifer Brandt, Aaron Thiese, Jason Kramersmeir, Mikel Morris, Theresa Hedrick, Christine Gettys, Jenny Throckmorton; third row—Jason Danielson, Jamie Beard, Kristin Langstraat, Andrea Kueck, Maren Braaksma, Cathy Stokes, Cathy Claycomb, Eboniece Cason, Andrew Farley, Mike Mefferd, Chad McVey, Casey Coppi, Andy Rowland, Andy Hotopp, Sara Carlsen, Andy Fetter, Jay Rothmeyer, Nate Curl, Pat Fergus, Jared Gilbert, Greg Danielson, John Miller, Dave Juskelis, Jeff Hopp. Not pictured—Joelle Coons, Spencer McGinnis, Mike Murphy, Jennifer Ruby, Sarah Nevins.

photo by Jennifer LePera

Hitting the Right Notes

The year proved to be a profitable and memorable one for the Jazz Band. Through many accomplishments and because of many goals being met, the Jazz Band exceeded all expectations.

There are two sections of Jazz Band. Each one achieved many accomplishments throughout the year. Jazz Band I placed first and third in the Oldin Festival. Jazz Band II placed second in the same festival. Placing third in the Districts competition, the Jazz Band qualified for the State championships in April.

Band director Patrick Kearney said, "That's the highest finishing here at Hoover in five years."

Jazz Band I also went to the South West Community College Jazz Festival on Feb. 17. At that competition they received an overall outstanding rating.

"Students Jamie Beard, Jason Danielson, Angela Neve, and Mike Shultz were recognized as outstanding soloists of the festival. Cathy Claycomb and Angela were named to the All-State Band, which is the highest honor!", said Kearney.

Kearney also said that the determination and dedication everyone showed "always reminds me of how hard we work for everything. Everyone gives their all."

Summing up the year, sophomore Mikel Morris said, "Everyone has a lot of good talent. We are all pretty good friends, so we have good chemistry together. We have accomplished a lot this year and we're going to try to take it all the way next year!"

"We did really well this year. We made it all the way to the championships. We are all excited for what's to come," said junior Theresa Hedrick.

photo by Jennifer LePera

Dynamic Duo— Seniors Cathy Claycomb and Angela Neve play their best at the competition as the rest of the jazz band accompanies them.

Mr. Conrad's Opus— The orchestra practices their instruments in instructor David Conrad's class.

Music to the Ears

A number of activities and performances kept orchestra on a busy, demanding schedule throughout the year.

There were ten students who were members of orchestra. Conductor David Conrad said, "We had one senior, but there were a lot of young students."

Orchestra had the opportunity to put on an All-City concert which involved all of the high schools. They performed at various middle schools in the Des Moines area such as Goodrell, Callanan, and Harding. Orchestra also played at the CIML Festival at Fort Dodge in early spring under the supervision of Iowa State University's conductor Kirk Smith.

Orchestra also performed some symphonic numbers with the concert band at the Winter Concert.

The members also went to Florida over Spring Break along with orchestra groups from other Des Moines high schools.

They performed at the Magic Kingdom and MGM Studios.

Conrad said Magic Kingdom told them it was one of the best performances ever held there.

Also in the spring, senior Anna West and freshman Laura Clark played in the solo ensemble contest, a state-wide contest held at Callanan for area schools.

Conrad said, "This group in itself was a pretty nice one to work with. Everyone actually enjoyed coming to class. Lots of them were back and we're just a growing program."

photo by LeeAnn Hofferber

photo by Linda Vanderpool

Hitting the Right Notes

The 49th Annual All-State Music Festival was held at the Hilton Coliseum in Ames on Nov. 17, 1995.

The festival consisted of nearly 600 choir voices and approximately a 277 member band. The selected students represented more than 200 schools in the state of Iowa. The event was broadcasted on Iowa Public Television on Nov. 23.

Seven seniors represented Hoover at the festival including two band members and five choir members. Cathy Claycomb on clarinet and Angela Neve on flute joined the large band. Soprano Cassie Murphy, alto Katy Tyrell, tenor Aaron Thiese and basses Jolyon Thomas and Rich Nagel sang with the large choir.

Senior Cassie Murphy said, "We've all been singing together since freshman year and this has been our goal for four years."

This was Claycomb's and Tyrell's second year to be selected for All-State.

Band Director Pat Kearney said that it was a thrill to have such fine students represent Hoover in such a fine, prestigious event.

Director Linda Vanderpool said, "The All-State Festival is always a wonderful festival and it's great that Hoover had five students selected from choir."

photo by Linda Vanderpool

photo by Linda Vanderpool

Smiling performances— Seniors Cathy Claycomb and Angela Neve show their All-State enthusiasm.

Preparing to sing—The members of Prep Choir listen to vocal music director Linda Vanderpool's instructions on March 22.

Singing to Success

According to director Linda Vanderpool, the Hoover Prep Choir "has come a long way from where they started. The Prep Choir is a relatively small group this year, but they are all good singers," said Vanderpool.

Prep Choir is a preliminary choir designed to prepare students for their involvement in future choir groups. Most of the students entering the program have little or no previous choir experience, but by the end of the school year they have developed into experienced vocalists.

Vanderpool said that one objective of the Prep Choir is to help the members gain more experience performing before public audiences. The choir participated in several concerts that were beneficial in gaining this experience.

The choir's first big performance was at the Fall Concert

which was held on Oct. 24 in the Hoover Auditorium. Then on Dec. 18 the Prep Choir performed for the crowd at Herbie's Hideaway for the Carols and Cappuccino concert, which was held in the vocal music room. The choir also sang at the Masterworks Concert on Feb. 27 and the Awards Concert on May 14. Both concerts took place at Hoover.

Freshman Ben Talcott said, "The Masterworks Concert was one of our best performances. Many people showed up, and we had fun doing the program." Talcott also said that "It's a great feeling when people come to the concerts that we have spent so much time preparing for."

Hitting the High Note

The year proved to be a very busy and productive year for the 58 members of Hoover's Concert Choir. Everyday during second period the group met to rehearse for their many public performances.

These performances included the CIML Festival on Nov. 2 where seven Des Moines area schools gathered as a mass choir to sing five selected songs. Senior Amy Stolki said, "Hoover was one of the best schools there. I know Ms. Vanderpool received several compliments on our behalf." The choir had several performances throughout the year. On Feb. 27, at the Masterworks Concert, the choir presented John Rutter's "Gloria;" they were accompanied by the Drake brass ensemble.

One of the year's highlights for the group was the Chicago tour on April 26-28. The choir traveled to Chicago for the Heritage Festival, an all-day competition that involved many high school choirs from the area.

Then on May 3, the choir performed at the State Large Group Contest at Hoover. Senior Willy Thompson said, "The Large Group Contest gives us a chance to prove how hard we've worked all year."

Director Linda Vanderpool said, "My expectations of the choir this year included high levels of achievement and focus on quality music making. This group is the best one in years!"

"Our biggest accomplishment this year was performing well at all of our concerts, and having fun at the same time," Thompson said.

Harmony Honored

Hoover's jazz choir, which is directed by Linda Vanderpool, had a very active year. The choir participated in several concerts and events. They also took home many awards for their efforts this year, including five of the choir members receiving the opportunity to participate in the All-State Festival at Hilton Coliseum in Ames on November 16-18. These five students were seniors, Rich Nagel, Katy Tyrell, Jolyon Thomas, Aaron Thiese, and Cassie Murphy.

Thomas said of the experience, "It was an amazing feeling, being a part of all that music. It was really overwhelming. Between this and the progress on my bands' CD, I'm on cloud nine."

One major concert the group participated in was the Hoover Jazz Festival, which was held March 1 and 2. The Hoover Jazz Festival featured Voice Trek, one of the top vocal groups in the United States.

Senior Nick Brockman said, "It was cool having all those schools at Hoover for a change. It seems that we always have to travel to the other schools. Voice Trek was great too, really jazzy."

Thiese said, "The group did a lot of different things this year." The Harmony singers performed for famous opera singer, Simon Estes at the Civic Center in early spring, the group also participated in the first annual Vocal Festival on Nov. 10, and at Big Band Night in April.

Hoover Harmony accompanied the concert choir on their trip to Chicago for the Heritage Festival on April 26-28 where they won a gold trophy for their performance. Nagel said he had a lot of fun on that particular trip. "I breakdanced on a cardboard box for tips. I made twelve bucks in about an hour and a half."

In addition to their many formal concerts, Hoover Harmony also sang at many assemblies throughout the year and a few of the members also sang the "National Anthem" at several home varsity basketball games. Harmony also helped out with the Homecoming Spirit Week activities by helping judge a lip-sync contest held during first and second lunch on Thurs. Sept. 28.

Thiese said of the choir, "We seemed to 'gel' more this year than in years past."

Senior Angela Neve added, "We are a really diverse group of people, we really came together in the end. We worked hard and are proud of what we have accomplished."

Paging Dr. Smith—Senior Jake Smith extracts hidden treasures from the stomach of senior Phil Finn during the Oct. 27 performance. Assisting him are senior Lela Braden and junior Sara Tippins.

Comedy Gets Caffeinated

Commedia IX, titled "Amish TV or Media Cuppa: Hyper Expressos of a Caffeinated Society," ventured outside the boundaries of the Hoover auditorium this year.

The show was performed Oct. 26, 27, 28, and 31. On Oct. 27 the Commedia players performed in the vocal music room to kick off the new Hoover coffee house, Herbie's Hideaway, where the audience members were served cookies and cappuccino. Following the coffee house theme, the Commedia troop was invited to perform for a packed house at Java Joe's as a part of literary night on Oct. 31. Director Denis Hildreth said,

"The coffee house was started because there are many kinds of performances that are not appropriate for the auditorium. The coffee house is smaller and more intimate, a perfect setting for a performance such as Commedia."

Commedia consists of a series of original skits written by the performers, and unlike other drama productions, the entire show was built from bottom up.

This year the skits did not revolve around a particular theme, rather, the cast worked on the development of characters and character comedy. "I played as many different characters as there are marshmallows in Lucky Charms," said junior and Commedia participant Steve Whitney.

With unique and zany humor, Commedia IX proved to be unforgettable for cast and audience members alike.

Cast Does It Improptu

The third annual Improv Fest was performed May 9 and 10 in the Hoover auditorium. The purpose of this year's Improv Fest was to entertain and humor the audience, but it helped to raise money for the Thespians as well. Junior and Improv participant Cody Peer said, "We were pleased with the number of people who showed up. We raised a lot of money for the drama department."

photo by Kathi Buckley

The uniqueness of this year's Improv Fest was partly due to the fact that the entire show was student generated. There were three student directors who produced and also starred in

All choked up —
Junior Peter Bognanni chokes the life out of senior Willy Thompson during a skit on May 9.

this year's show. They were seniors Lela Braden, Rich Nagel, and Jake Smith.

The first half of the show was a compilation of pre-rehearsed skits, many of which were parodies of television shows such as Jeopardy, Lassie, You Can't Do That On Television, Laugh In, and others. "Although the skits at the beginning of the show were pre-written, the cast didn't feel compelled to stick to the script," said senior Improv participant Willy Thompson.

The second half of the show was the improvisational part. Cast member junior Alex Albright said, "Improv Fest was fun because you just never knew what to expect." The audience members were asked to think up situations for the performers to act out, they put their ideas on notecards and the cast members drew the cards out of a hat. They performed the situations with only 30 seconds to collaborate with fellow cast members.

"I felt the student directors showed a great deal of leadership and creativity. I was very proud of them," said drama teacher Denis Hildreth.

About the show in general, senior Billy Howe said, "It was pretty funny. The best part of the show was when Rich (Nagel) and AnnMarie (Hansen) wrestled each other."

Cleaning up in the house – Junior Ryan Dow picks up a coat left by one of the Herdman clan during rehearsal.

Making plans – Sophomore Chrissy Burner recovers with assistance from freshmen Ira Hicks and Emily Boatwright.

Filled with enthusiasm – Senior Lela Braden addresses the Sunday school class regarding the upcoming Christmas pageant.

Wreck the Halls

Out-of-tune singing, bathrobes and Christmas carols. What do these things remind one of? These things remind an individual of those Christmas pageants from youth filled with mishaps, similar to those found in "The Best Christmas Pageant Ever."

On Nov. 30-Dec. 3, the drama department presented this play by Barbara Robinson. The story begins with a ragamuffin group of outcasts who decide they want to be in the church's Christmas program. Despite resistance from many people, the kids are determined to be a part of the program, incorporating their rebellious ways into the production. In the end, both the church and the kids realize that together they have created a very meaningful service, something that none of them could have done on their own.

The cast included about 100 students, from the set crew to the walk-ons and extras. Pre-show and intermission entertainment was provided by Meredith Middle School, Hillis Elementary School, and Edmunds Fine Arts Academy.

The large cast was evidence of the popularity of this story. Senior Emily Boatwright, who played the part of the nurse, explained why she decided to try out

Multitude of Angels

–Senior Janet Buckley, juniors Alisha Hymel and Wendy Wilson, sophomores Kourtney Horner and Amanda Bolte, and freshman Amanda Young pose as angels in the church's Christmas program.

for the play.

"I wanted to be in the play and wanted to see if it was as much fun as the other play I was in last year. It was," she said.

Junior Ryan Dow, who played Bob Bradley, explained some of the more difficult parts about being in the play. He said, "It was hard getting everything stage blocked, and figuring out stage direction for the large cast."

Junior John Audlehelm, who played Elmer Hopkins, spoke of the rewarding aspects of the play. He said, "I had a very fun part that wasn't stressful. I enjoyed playing with the children and acting like them. The crowd seemed to like my part."

Sophomore Chrissy Burner played the part of Mrs. Armstrong and talked of a funny story that happened during the production. "I remember most of all, when I was out on stage and I got poked in the eye by an orderly and it started to get watery," she said.

Overall, according to senior Jake Smith, who played Leroy Herdman, the play was a success. "I thought the play went really well. Everyone got their cues. It was a lot of fun," he said.

Taking a bow – The cast of the church's Christmas program perform one last time for the curtain call.

Showing disgust – Senior Jake Smith plays the part of the rebellious ringleader of the Herdman clan.

Discussing issues — Senior Natasha Seay, junior Sara Tippins, sophomore Clifford Hobbes, and junior Kristina Boswell talk about every day things.

Play Has Psychotic Twist

For only the second time in Hoover High School's history two spring plays were performed; "The Bad Seed" was one of them.

The play was directed by drama teacher Denis Hildreth and was performed on April 11 and 13.

Centered around the theme that things are not as sweet as they look, "The Bad Seed" is a play about a little girl named Rhoda Penmark, who has an evil streak.

The part of this strangely psychotic girl was played by sophomore Beth Soike. Rhoda's mother, played by junior Kristina Boswell, tries to deny that her daughter has an ounce of evil in her. She is reluctant to make any drastic decisions while her husband, played by junior Ryan Dow, is away serving in the army. Throughout the whole play mysterious and un-

photo by Nga Lam

explainable murders crop up. People begin to suspect that Rhoda is somehow responsible. The janitor, played by senior Willy Thompson, is the only one who can see Rhoda's evil nature. He tries to convince everyone from Rhoda's grandmother, played by senior Natasha Seay, to the Penmarks' family friends.

Hildreth said, "This is a very difficult play for high school students. It presents challenges in character development for the actors and a challenge for realism in set design."

When asked how he thought the play turned out, Hildreth said, "Plays such as this, which deal with important psychological and sociological issues, are great educationally. This was well received by the audience, which is how I usually judge success!"

photo by Nga Lam

Quality time together — The family, juniors Ryan Dow and Kristina Boswell, and sophomore Beth Soike, spend some time together as a family.

Tidying up – Freshmen Natalie Smith and Emily Boatwright perform a scene in front of the Sicilian Cafe, part of the set of "Scapino".

photo by Nga Lam

"Scapino" Has Spice

A stark contrast in the story line to "The Bad Seed", "Scapino" was the choice for the second spring play.

A satirical comedy, "Scapino" was performed on April 12 and April 14. The play was directed by Hoover drama director Kirk Johnson.

The lead character, Scapino, was played by junior Peter Bognanni. The two young men caught in the dilemma are named Ottavio and Leandro, played by senior Phil Finn and sophomore Ryan Baldwin, respectively.

The setting of the play consisted of an Italian Cafe and a realistic dock in the foreground, complete with fishnets and life preservers. Throughout the performance, a group of Italian lookalikes did minor scene changes.

The story line opens when friends Ottavio and Leandro fret over their arranged marriages. Each young man wants to marry the woman of his choice. Ottavio wants to marry Giacinta, played by sophomore Ann Marie Hansen, while Leandro loves a gypsyesque woman named Zerbinet, played by senior Lela Braden. News of Ottavio's father, Argente, played by senior Jake Smith, and Leandro's father, Geronte, played by junior Jay Brommel, have just arrived. Ottavio and Leandro have to decide whether they should defy their fathers' wishes.

To complicate matters, Scapino enters the scene. A clever wheeler and dealer whose only interest is money, he convinces Ottavio and Leandro that he has the answer to all of their problems. What follows is a plethora of crazy schemes and wild chases.

Johnson said that a unique aspect of the play was that "it broke the audience/actor barrier by having the audience join in on making sound effects."

Johnson said that "Scapino" allowed "a lot of individual growth for Hoover performers and it's good to see the audience enjoy something that we worked so hard on."

photo by Nga Lam

Waiting for the cue – Freshmen Emily Boatwright and senior Phil Finn look offstage while awaiting the appearance of Scapino.

Strike a pose – Sophomores Emily Doro and Clifford Hobbs and freshman Eric Sharp display their drama acts.

Acting It Out

Drama contest is actually called speech contest and is sponsored by the Iowa High School Speech Association. Anyone interested in participating can audition at Hoover for contests in December. Drama instructors Kirk Johnson and Denis Hildreth fit everyone who auditions into one out of eight categories. These categories are group mime, solo mime, television news, ensemble acting, reader's theater, choral reading, one act play, and improvisational acting.

There was a district contest held at Hoover this year in which they performed and received a rating based on that performance. If they receive a one rating, they had the opportunity to advance to State. State contest was held in Council Bluffs this

year. The very best performers at State are then invited to go to the All-State Festival, the next step up. There, the critics

choice's for each category was named. Hoover received seven one ratings at State, three outstanding, and one invitation to the All-State festival. Senior Rich Nagel and junior Kristina Boswell advanced to All-State with their ensemble act. Medals were awarded for one ratings and trophies were given for outstandings. A banner is awarded to critic's choice.

It's a bird, it's a plane – Sophomores Natalie Smith, Emily Doro, and Clifford Hobbs daydream, while sophomore Alissa Knoell points for the sky.

Hey Jealousy–

Behind the Scenes

There is a group of students who most often go unnoticed. These students do a variety of things, which includes building the sets, running the lights and helping make the play as successful as possible. These students are part of the Play Production class.

The students read the scripts to the plays before they begin to build the sets. They are then asked to create a design model for the sets and, frequently, their models are used. For most sets, the class begins to build the sets five to six weeks before the play is shown. The students' main focus in the class is hands-on learning about various behind the scenes aspects of theatre. At the end of the class the goal for the student is to have some basic tool skills and a working knowledge of what actually goes on behind the scenes to make a show successful.

The biggest challenge that the students had this year was building the sets for the spring plays. The reason for this was because there had to be two sets built, and both required a fairly substantial thrust system in front of the stage. Both sets for "Scapino" and "The Bad Seed" had to be dismantled after each show to set up for the other show.

When speaking with Russell Vanderhoef, one of the teachers of the class, he said, "We're always encouraged when students from the play production class continue to work on tech crews for Hoover drama productions. Some even go to work in theatre tech at the college level. A few have also worked in theatres in Des Moines. At the very least, we tell students; 'You'll be able to build bricks and board bookcases after taking this class'."

Portraying history – Freshmen Michael Boddi, Ashley Brown, and Craig Clark rehearse an oppressive slavery scene from the play “Abolition Flier”.

Focusing on Culture

To draw attention and recognition to African-American culture and to spread it to faculty and students is the main goal of the Imani Players. Sponsored by MaryAnn Spicer, who also teaches African-American social studies, the group aims at taking what they have learned about the African-American culture and sharing it with others. This was done through a variety of performances.

One of their performances consisted of gospels which took place at the Forest Avenue Library, Dec. 22, 1995. The performance had an “excellent, enthusiastic turnout,” said Spicer. The group also performed for Kwanzaa functions. On Dec. 26 a play called “African Christmas” was done for Kwanzaa. In addition to this, the Imani Players also sang the Black National Anthem at Drake University on Martin Luther King, Jr., Day.

One of their first plays of the year was titled “A Woman Called Truth”. This play was performed in October. The Imani Players also put on a play about freedom and slavery called “Abolition Flier”.

The topics chosen for their performances touched on many universal issues which might affect any individual. The subject of many plays concerned everyday life but also represented various viewpoints. Struggles with drugs, relationships with family and friends, and abuse were brought to the audience’s attention. Spicer said she hopes that the audience could “sense some of the struggles of the

individuals” depicted on stage.

According to Spicer, spreading the richness of African-American culture is not the only purpose of the Imani Players. She said that building confidence, self-esteem, and projecting feelings in a positive way were also important goals.

“The students could go towards bigger goals and thinking while learning about their culture,” said Spicer.

The members said that it is also a chance to meet new people and become more acquainted with everyone else.

“Being part of the Imani Players allows us to stick together. It keeps me busy so I wouldn’t have time to get into trouble,” said freshman Geni Stanley. Spicer agreed that through Imani Players individuals can fill their free time with positive, cultural fun.

“I love the singing and acting I get to do. It’s a good opportunity for people. We can prove our talents and ourselves,” freshman Jaime Gasaway said.

Speaking on the main goal of the Imani Players, Spicer said, “We want to gain support for the Imani Players to create awareness of African-American culture theater.”

Playing catch – Sophomore Tuffy Jackson tosses the ball to himself to pass the time as he waits for his friend to come over in scene from the play “A Woman Called Truth”.

You see kids — Pat McManus talks to Rice Elementary students with backup from the Peer Helpers.

Lending a hand

Peer Helpers is more than a usual activity; it involves being dedicated during school as well as outside of school. Peer Helpers act as role models, friends, and a helping hand.

Peer Helpers are involved at Hoover in activities like freshmen orientation, conferences, and the Winter Thaw. But, being a peer helper also means being a friend.

The helpers show new students around the building, and on their own time tutor students. Peer Helpers also act as role models. They go to elementary schools seventh hour for Peer Helper P.E., and to Monroe in a leadership training program.

They have even held a workshop presented by NCA and Polk County Victim Services.

This year's Peer Helpers are being advised by counselor Jan Callan Mashek.

She said, "I thoroughly enjoy working at Hoover. I love the diversity of the student body and think the young people here are super. Being able to use my Spanish on a daily basis is also a big plus. The Peer Helper program is great."

To be a Peer Helper, a student is required to fill out a questionnaire. Students who are good communicators, express caring of others, are cooperative and conscientious, and demonstrate a sense of responsibility are selected. Callan Mashek said.

Solving a conflict

Conflict Management is a fairly new program started among a few of the Des Moines schools. The program at Hoover is instructed by principal Bill McCollaugh, athletic director Dick Doughan, pupil services coordinator Ron McHone, and teacher Barb Getting.

"I love working with this group of students. We have such a diverse group of students giving me many opportunities to relate to many different students. They are a very hard-working group of kids that have devoted themselves to making Hoover a better place," Getting said.

Conflict Management consists of a group of students, called student based council, who must complete a fall semester class about conflict management and participate in a two-day training program.

Nga Lam, a junior conflict manager, said, "The training process was very long (a couple of days). We learned how to listen and not give advice to the people involved in the conflict. We practiced on helping the solving process but not actually solving the conflict for them."

Getting said the main requirements looked for in a conflict manager are honesty, good listening skills, trustworthiness, reliability, and someone students like to talk to. The main purpose of this program is to help students work out problems and give them a chance to talk to people who are close to their age. She also said the most common problems are rumors, boyfriend/girlfriend quarrels, and large group conflicts. Most students who are involved in the program said they found out about it from former students and upperclassmen.

Senior conflict manager Jessica Harding said, "Not only does conflict management help the students and teachers with problems, but also the managers themselves who help solve it."

A new beginning – Faculty members Dick Doughan and Billy Stone along with senior cabinet members Eric Groen and Angela Neve hand out certificates to new members.

Soaring With Honors

The National Honor Society was founded in 1921. For 75 years The National Honor Society has been an organization to encourage community service, to promote leadership, and to add to the development of character. This year was no exception.

There were 91 members in the National Honor Society at Hoover High School in the 1995-96 school year. Billy Jean Stone was the faculty advisor for NHS. The group sponsored several activities throughout the school year and contributed to the community in many ways.

"The greatest accomplishment this year was NHS becoming more involved and having more fundraisers and activities, and also becoming known in the school," said junior NHS member Amy Kneller.

On Oct. 28, 100 volunteers and organizations, including NHS, participated in the "Great Northwest Community Campus Clean-up Project". One of the biggest accomplishments of the day was the planting of trees. \$1,500 worth of trees were planted with funding coming from numerous sources

such as New Horizons, Urban Trees, and the Iowa Department of Natural Resources.

"We should all show pride in our school by making the cleanest campus possible," said senior NHS member Aaron Thiese.

The NHS sponsored a school-wide Pop Top Drive beginning Nov. 18. The activity was created to help

photo by Amy Lee

with the operational expenses of cancer patients at the Des Moines Ronald McDonald House.

"It's a good project because so many people drink pop. So it's practical and easy to save tabs to benefit cancer patients," said senior NHS member Amy Hanlon. Another senior member, John Miller III, said, "I think this project was very important. It raised a lot of money that aided in the cancer treatments of some of our own Hoover students."

In the month of November NHS helped to sponsor a food drive at Hoover collecting non-perishable food items for the Emergency Food Pantry sites surrounding the Des Moines area. The group, along with the help of the student body, successfully collected 527 items for the food pantries.

NHS and ROTC collectively helped with the two blood drives this year at Hoover. One blood drive was held on Nov. 2 and the second one was held on March 14. In order to get more people involved in the blood drive at Hoover, NHS raffled Billy Stone's parking space for a week to all of the participants.

"I think that a blood drive is a fantastic idea. There is no better way to help others," said senior member Lukasz Nosek.

Drinking it up— Cadet Captain senior John Miller mixes a special drink with Major Wahlert at the ROTC's dining out party on Feb. 17.

Moving Up In Ranks

ROTC has now been at Hoover for ten years. The group celebrated their tenth anniversary with many great accomplishments.

"Our greatest accomplishment this year was the growth of our unit. We have grown by nearly 100 cadets this year," said senior Cadet Captain John Miller III.

The ROTC group at Hoover consists of several schools with over 200 members. Most of the students are from Hoover but there are seven other schools that have students participating in this program. The schools that participate are Valley, Urbandale, Johnston, North, Roosevelt, Lincoln, and East.

ROTC is an organization that teaches their cadets to have pride in themselves for who they are. They also promote community service.

"I think that JROTC is a good program because it promotes and brings out great things in everyone. We teach our cadets to take what they have as an individual and do the best with it," said Cadet Captain John Miller III.

The year was filled with many community service projects that helped organizations. On Oct. 15, ROTC sponsored Combat Hunger. They raised over 225 items to be donated with 20 ROTC members helping to collect the goods.

ROTC also takes a great part in supporting the school. On Oct. 28 over 100

volunteers helped with the Great Northwest Campus Clean-up Project. Over \$1,500 worth of trees were planted that day throughout the campus. ROTC also helps to sponsor the Hoover paper recycling program.

Other community service projects include Operation Santa, which collected 1,600 items. The Hunger Hike held on Oct. 8 raised \$316.

Besides community service projects they also had many competitive events. The rifle team competed in three events, one in Indianapolis and the other two were held at Camp Dodge. Individuals in the group also participated in such events as map reading, color guard, quiz bowl, and drill team.

The color guard appeared at over 30 events this year. They were in the State Fair Parade downtown in August. They also performed at the football games, basketball games, and homecoming activities. Color guard has also participated in activities such as the Violence Convention, the governor's birthday celebration, the Republican party of Iowa, and several other parades and events.

The group ended the year with a dining out party at Camp Dodge on Feb. 17.

In the swing of things – Junior Matt Anderson takes a cut at the tennis ball during a singles match at home versus Indianola on April 23. The boys' tennis team finished in a tie for second place in the CIML American Conference; the highest in six years.

Floating on air – Senior Chad Murray leaps to the water, beginning a swim meet during the district competition at Lincoln on Feb. 10. The boys' swim team was deemed "most improved team" by the CIML and Coach Dave Linder was awarded the CIML Coach of the Year award.

Guts & Glory

It's the ninth inning with two outs; the fourth quarter and down by one; the third set and match point; the eighteenth green and putting for par... Would you have the guts to go for the glory?

Athletics at Hoover has carried the green and gold to all levels of achievement. Whether sports are played for fun, fitness, discipline, or competition, they have always required those students who are willing to go beyond the basic academic requirements and challenge themselves both physically and mentally to the limit.

The result of this determination and striving for excellence is the aching muscles, the panting exhaustion, the dirty socks, the soaked tee-shirts – the sweet tastes of victory. This year, Hoover tasted its fair share of victory.

Beginning the year in the fall with a new coach and a new lineup, the varsity football team started a new era. The boys' golf team placed third in the conference; highest in years. On its way to state for the second successive year, the boys' cross country team reached new standards of excellence.

While snow lay outside, the boys' varsity basketball team heated it up inside, defeating state tournament qualifier, Dowling, twice during the regular season on the shoulders of six underclassmen. Led by CIML Coach of the Year, Dave Linder, the boys' swim team caught a glimpse of what's to come in sending a freshman to swim at the state competition.

As the sun melted the snow, varsity boys' and girls' tennis teams melted their competition, placing high in their conferences. Varsity boys' and girls' track ran to victory, while baseball and softball reigned the summer. Girls' golf swung their way to Husky history, winning more dual meets than any other squad this decade.

And all the while, the cheerleaders lifted spirits by leading crowds and teams to new levels of adrenaline – providing the guts to achieve the glory.

Tackling the odds

The varsity football team had a new addition this year, first year Hoover coach Max Duvall. Duvall said his main goal for the season was to build a successful football program which will be strong and successful year after year.

Duvall said when he first got to Hoover, he felt that there was much potential for the football program but very little experience.

As far as the team working together, Duvall said, "With a small number of seniors, there wasn't much experience, but all players worked together well."

When it comes to offensive standouts, Duvall said there was no real leader. "No single player has yet to step to the front, on offense."

The defensive leader was senior linebacker Joe Lamb. "Joe is aggressive and leads the defense in many ways," Duvall said.

Duvall said that the most memorable play of the season was senior running back Jay Hall's seventy-yard touchdown against Fort Dodge on Sept. 1.

When asked how he felt the season went, Hall said, "It's been a fun season!"

Duvall said that the most memorable

game of the season was the Homecoming game on Sept 29 against Indianola. "That particular game was the most memorable because of the way the defense played together" Duvall said.

The Huskies finished the season with a record of 0-9 in the conference.

Getting closer

The sophomore football team finished the season winless, but not spiritless. They looked beyond the losses to find improvements in ways not shown on the scoreboard.

"It was tough to lose every game this season," said coach Chet Culver. "Our players worked hard all season long and it showed on the field but not the scoreboard."

Against East at home on Sept. 15, the Huskies forced a season-high four turnovers- two fumbles and two interceptions. Both times the Scarlets had the ball inside the Huskies' 20-yard line, but Husky defense prevented any scoring.

"We did a great job holding them when they got close, but our offense didn't kick in," said Kris Greenlee.

Culver said the team was led this year by quarterback Greenlee, receiver Keith Collier, leading tackler Jeremiah Breeze, and back Jeremy Dingman.

"The season went great overall and everyone really got along," said Collier.

Taking the return – Freshman Tyree Lewis catches the football en route to a return at home versus Roosevelt on Oct. 5.

Passing the competition

The freshmen football team primarily focused on improving throughout the season rather than on winning a lot of games this year. Although they did win, finishing with a record of 2-7 overall, they still continued to improve.

"The whole team developed and matured as the season progressed," said coach Jeff Jansen.

The two wins came against North and East, on Sept. 7 and 14, respectively. At East, the Huskies got a school record 95-yard kick-off return from running back Tyree Lewis.

In both victories, the Huskies took over in all aspects of the game.

"In our only two wins of the season, it was the domination in both offense and defense that led to victories," said Ben Talcott.

In the American Conference, the Huskies improved over last year's one victory with two.

"The year went great and everyone had fun," said linebacker

Saul Hedquist.

Serving it up

This year's varsity volleyball team was a compilation of young players led by the senior threesome of Stephanie Roskamp, Kari Greenlee, and Emily Minnis. All three were returning letter winners.

Third year coach Scott Noah said, "All three have been here since their sophomore year and understand all that we are trying to do. They really helped our younger girls out."

"The players were willing to learn, and it made things a lot easier," added Greenlee.

Noah started the season with one goal for the team and himself. "Our primary goal for the season was to win a conference match," he said.

The Huskies accomplished this task not once, but twice. The first victory came over S.E. Polk in Hoover's first home game of the season.

Minnis expressed her thoughts after the game. "I felt awesome; it was a great moment to finally win a conference match!"

The Huskies' next victory came on the road against North in their last conference game of the season.

Greenlee and junior DeLaine Burken placed third and fifth in the conference overall, respectively.

The Huskies finished with an overall conference record of 2-6. Noah said, "In achieving our stated goal, we demonstrated significant improvement from last year. The record shows it."

photo by Kari Greenlee

Fighting the odds

The junior varsity volleyball team had to fight the odds with only seven J.V. players.

Some of the goals for the players this year was to produce a J.V. team with a

"never quit" attitude that was capable of adapting to any situation. "This was obvious with only seven full time J.V. players and a 7-2 record," said third year coach Gene Denny.

The junior varsity team was led by juniors Kristin Hayes and Lisa Bentley. "With Hayes' go-getter mentality and Bentley's spark plug enthusiasm it was rare that the team ever got down on themselves," Denny said.

First year player, junior Amanda Jones, was a key player to the success of the team. Denny said, "Jones progressed further and faster than they ever could have hoped for."

Awaiting the Serve – Junior Amanda Jones and sophomore Jodi Helton await the serve at North on Oct. 17.

Said...

Junior Lisa Bentley – "I think that the season went very well, only because I had a great time. We were serious but yet we could still have fun. Our J.V. team only had seven players so that made it more challenging."

Junior Kristin Hayes – "Our j.v. team had fewer players than most which made it more of a challenge for us, but we accepted the challenge, and tried our hardest. We worked well together as a team."

Digging up wins

Two new additions to the volleyball program this year was new coach, Deb Isenhart, and the return of the sophomore team. The sophomore team started out the season with a 3-0 loss to S.E. Polk and ended the season with a 3-0 win against North. Isenhart said, "We continued to improve throughout the season in understanding positioning on offense and defense and playing together as a team." The overall record of the sophomore team was 7-3.

The sophomore team was strong in serving with a percentage of 75. There were also three players that had percentages above 80; Joelle Coons, Sara Carlson, and Amanda Roed. The team was not led by any one player. "Throughout the season we had a total team effort. We weren't carried by one or two girls. Each player on our team had a different strength that helped us," Isenhart said.

The freshman team was coached by Jill Tallman. Freshman Tracey Skinner said, "By the end of the season we were talking and playing more as a team. We made it to the playoffs in one of the tournaments, which was one of our goals. The season was fun and we hope to improve next year."

photo by Kari Greenlee

Done...

Had a serving percentage of 83, with 71 out of 86 serves completed. Had 25 aces.

Going both ways — The sophomore team also played on J.V. when the other schools did not have a sophomore team.

Setting the pace

Youth played an important role in this year's women's cross country team. With a starting varsity team comprised of four freshmen and one sophomore, the team was very young and inexperienced yet competed very well.

"Overall, we improved ourselves at every meet. (This year's team) is a lot stronger," coach Robert Jankovitz said.

This year's team was, according to Jankovitz, "...just beginning to smell success."

On Aug. 29 the team began the season with a strong third place finish at the Southeast Polk Invitational. The top three varsity finishers were freshman Stephanie Mann, who finished 10th, followed by sophomore Amie Hedrick, in 18th and senior Kristi Sullivan coming in 28th. Senior Amy Lee said, "We started off our season with a bang."

The team went on to improve their placing in every single meet excluding one. Junior LeeAnn Hofferber said, "Compared to some years in the past, this year has been a few, meaning our scoring in meets has improved." A few of the season's highlights were the team's third place finishes at both the Southeast Polk Invitational on Aug. 29 and the City Series on Sept. 26 and their second place finish at the Norwalk Invitational on Oct. 2.

Mann finished seventh at the District meet to earn a spot at the state meet on Oct. 28.

L

Leading the pack

What do a chain and the Hoover boys' cross country team have in common? Like a chain, the team had strength from each individual member this year.

Throughout the year, four individual runners placed as the team's top runner. The team had many runners who had individual accomplishments this year. Two runners won meets. Junior Mike Ostreko won the Augustine Invitational and senior Ryan Mitchell won the City Series.

Apart from the individual accomplishments, the team also took home many team wins. The Huskies took first place at the Hoover Invitational, Karpen Invitational, City Series, Augustine Invitational and Conference. At the Augustine Invitational, the

Huskies came away with a perfect score of 15, which is rare in any sport. The perfect score meant that the Huskies captured all of the first five places at the meet.

At the District meet, the team took second place, which was good enough to earn them a trip to State for the second consecutive year. The Huskies took fifth place at State, with Ostreko placing 13th and senior Tim Schnoor placing 17th at the meet.

On the season, coach Ron Peterson said, "Going into the season, our expectations were high. We wanted to win Conference and place in the top five at State. We accomplished all of our goals this year. The season was a success."

photo by Nic Hoover

Hitting the greens

The girls' golf team finished the season with an overall conference record of 4-3 for dual meets. This was the best so far this decade, said first year coach Brian Larson.

In nine hole competitions, the Huskies averaged a 239.1, scoring the top four out of six varsity players.

"I think we could have done better, but I'm pleased with it," said junior April Taylor.

Leading the team in scoring average was sophomore Dana Swanson, posting a 44.9 average for nine, and an 84.3 for eighteen holes.

Swanson was the medalist of 11 out of the Huskies' 13 total meets, achieving the individual conference and district meet titles.

"I played pretty well and am proud of myself, but next year I hope to go further," said Swanson.

In eighteen hole competitions, the Huskies' team averaged a 491.0. The season low came at the American Conference Tournament, with the Huskies placing fourth with a 478.

"We played pretty well at the conference meet and it was fun to get out of class," said junior April Burkard.

Overall, Larson said the season was a sign of a promising future.

"We'll be back with most of the same players and will be able to compete next year," said Taylor.

Make that putt! - Coach Steve Lundholm directs his team during districts at Waveland on Oct. 3.

Lining it up - Junior Todd Strum aligns his putter for action versus Lincoln at Blank on Sept. 5.

Shooting for Par

The boys' golf team started the season with a new coach and ended the season with a new and improved record.

Former head football coach Steve Lundholm took over the coaching position this year and lead the team to its best record in over a decade with three senior team captains in Dan Newman, Billy Howe and Bryan Howe. All three were four-year lettermen.

In regular season conference dual meets the Huskies placed third, which was the best this decade. They defeated all of the teams in the conference except

Roosevelt and the conference winner, Dowling.

"Considering the pressure and the competition, we did quite well," said Lundholm. "If we would have scored the same as we did earlier in the week against Indianola, we could have defeated the state champions, Dowling."

The team averaged a 40.7 overall, which was the best they've scored this decade.

Sophomore David Buckley led the team this year in average strokes per nine and 18 holes. He finished with a 39.2 and 81.0, respectively.

"I'm happy with my results but look to improve next year," said Buckley. "This season showed great improvement over last year and hope for years to come."

Making new waves

The Marlins had 27 girls go out for the team this year, which, according to coach David Mahler, was more swimmers than there has been in the past three years.

The team was young, consisting of only seven seniors and juniors; the rest were sophomores and freshmen. The diving team had three freshmen and one sophomore, with this being the first year diving for them all. Sophomore Kacy Grimaldi said, "It was an interesting year; there were a lot of people who were swimming competitively for the first time."

The Marlins used the season to gain experience, Mahler said. The young team improved individually as the year progressed. At the start of the season, their were 33 time improvements at the S.E. Polk meet.

By the last meet against North, the Marlins ended the season with 45 individual time improvements.

Freshman

Carrie Witte said, "I improved on all four of my events — the 4x10 Free Relay, 100 Back, 200 I.M. and 200 Medley Relay. The whole team seemed to improve as the year went by and we gained more experience."

The regular season ended with a team victory over North on Oct. 17. The Marlins captured first, second and third in the Medley Relay, and outscored the Polar Bears, 115-69.

According to Malher and coach Eric Galvin, the team leaders and the older swimmers were young, "self-motivated" athletes.

Stroking to success

With a team consisting of six seniors and 15 returning varsity swimmers, the Hoover men's swimming team began the season with a promising outlook.

"(We had) excellent senior leadership, great swimming improvement from the juniors and sophomores, and an excellent freshmen class" said coach David Linder.

"Our goal was to have a better season than (last year)," Linder said, "and we did that."

Another goal, which was shared by many of the swimmers, was to make it to state individually or as a relay team.

"I was looking forward to districts all year, hoping that I could qualify for the state meet," senior Chad Murray said.

And on Feb. 10 at Valley during the District meet he did, along with senior Jeff Bash, juniors Alex Albright, Scott Johnson, and Ryan Kramer, and freshman Kevin Kozitza.

One highlight besides sending swimmers to state was, according to the majority of the team, their victory over Roosevelt on Jan. 4 at Roosevelt. "The rivalry has been going on since both schools were built," junior Ryan Kramer. "The closest we've been to beating them was my freshman year when we lost by only 7 points."

Overall, "(this season) was a great season!", Linder said. "(During) the second half of the season we showed great improvement, desire, and willingness to learn."

Hoop it up

Without a starter returning from a year ago, the 1996 Varsity girls' basketball team still managed to double their number of conference wins from two to four. They also won one more game and cut their defensive average from 61 points a game down to 51 points a game.

Coach Rod Hoegh said, "Our team strengths were our defense. We held a lot of the conference's top players below their average. This team also had a never give-up attitude."

The girls' were led in scoring by sophomore Maggie Beavers at 10 points per game. "Maggie was awesome at times," said Hoegh. "Her improvement from a year ago was remarkable."

The team was lead in rebounding and field goal percentage by Amy Peterson.

When asked about the season Hoegh said, "I did not expect the underclassmen to play such a major role. We had six sophomores make major contributions to our team, Tara Taylor also had several outstanding games, Sarah Hinchliff, Katie Gross, and Anne Lawrie played significant roles during the season, and will be keys to the future."

Senior Ayesha Abdullah summed the season by saying, "I thought we had a respectable year. I think the program will progress over the years. Overall, we had worked hard and had a good year."

Starting all over

The varsity basketball team was full of new and vibrant young players this year. The team started the games with four sophomores and just one player over 5'11. Coach Bobby Sandquist said, "It was one of their biggest obstacles for the season."

Sandquist said the team set a lot of challenging goals for themselves this season. Some of them were: to be the hardest playing and smartest playing team in the league, repeat as league champions, go to the state tournament, and be the team that nobody wants to play. At midseason they added the goal to finish in the upper division in the Conference fourth or higher, which the team accomplished by finishing fourth in the Conference. The Huskies also made it to Districts but ended up losing in the first round to Dowling.

By working hard the Huskies accomplished many things. One of the most memorable games in coach Sandquist's opinion was beating Dowling for their first conference game by 28 points. Sandquist said, "I was extremely proud of our team; Dowling was heavily favored and we beat them in a big way!" Another sweet victory for Sandquist was, "The revenge on Indianola .67-52, after losing 40-84.

Sandquist said he doesn't like to single people out as far as giving credit for the team. He is a true believer that it takes a 'team effort'. Sandquist said, "We emphasize 'the team' and don't single anyone out as the M.V.P; it takes 15 guys to form a team and all are important!" He also added that the team improved as a whole this year; "nearly everyone has made some nice strides to improve."

Magan Harris
guards the ball at
a game against
an opponent.

"There was no JV girls' basketball team per se," said Rod Hoegh, head girls' basketball coach. Players from every grade level, from freshmen to seniors, played in the JV games. Most of the players were varsity players. Hoegh said the games were used mostly for the varsity players to have some extra playing time and more practice.

Sophomore Katie Gross said, "Playing JV was a good experience to learn and try new things that we wouldn't try in varsity games."

Freshman Melissa Mallette said, "It was a good way to try out new plays and unite the team."

Sophomore Sarah Hinchliff said, "It was a good way to try new plays and moves that we couldn't necessarily use during varsity games."

Said...

senior Michelle Metschke

"Playing on JV was fun and allowed extra playing time to gain experience."

junior Shayla Haynes

"It was like a practice session for varsity players."

Shootin' to score—Aaron Lewis shoots a three pointer at a game against Dowling.

Shooting some hoops

Every Monday night at 7:00 from Dec. 11 to Feb. 19 the JV boys basketball team got out on the floor and shot some hoops.

According to Pat Lawler, the coach of the JV boys basketball team, the JV boys weren't quite as motivated as the varsity team when they started the season.

The Huskies got off to a slow start with a loss in their first game of the season against Roosevelt, 58-45. In the Jan.

15 game against Indianola, the Huskies started to pick up the pace, with senior Mike Kelly leading the pack, scoring 21 points.

When Hoover met East for the second time on Feb. 5, The Huskies out scored the Scarlets, 79-46. Junior Brian Bainbridge led the team with 27 points, while junior Charlie Baumert added an extra 13 points.

According to Kelly, the most exciting game of the season was

against Dowling on Feb. 12. The game went into three overtimes, with the Huskies eventually pulling ahead and winning, 64-60.

The Huskies ended the year with an overall record of 7-3. Summing up the season, Lawler said that the players played hard and learned how to play as a team. He added that many found out what it takes to play on the varsity team next year.

photo by Nikki Johnson

Filling the gaps

The sophomore girls' team, depleted of many of its teammates from varsity play, still posted a final record of 9-10, overall.

"Many, if not all, of our sophomores provided the varsity squad with the majority of its players this year," said coach Don Hatcher. "A lot of freshmen stepped it up and did a great job," he said.

The team led this year, according to Hatcher, by sophomores Maggie Beavers, Katie Gross, Tara Taylor and Amy Petersen. All four played more than a handful of varsity minutes mostly on the same days as their sophomore games.

"We really had to watch how many quarters each player played because of the five quarter limit per day. Many of our players would utilize every last minute of those five quarters. You can imagine how hard they worked," said Hatcher.

"The varsity players had to reserve their playing time, but we managed alright, I think," Gross said.

"We struggled with our team's unity with all the lineup changes and all," added Sarah Hinchcliff, "but overall the year was far from disappointing."

Varsity/Sophomore girls' basketball team, front row - Jodi Helton, Ayesha Abdullah, Tiffany Walker, Katie Gross, Shayla Haynes; second row - Maggie Beavers, Tara Taylor, Anne Lawrie, LaNiece Scott; back row - Michelle Metschke, Diandra Tate, Sarah Hinchcliff, and Amy Petersen.

Eyeing the hoop – Freshman Molly Gross confirms her aim for a free throw against Lincoln at home on Jan. 18.

Starting fresh

The freshmen girls capped off the season with a win at home versus S.E. Polk, allowing the "A" team to finish with an overall record of 10-6. The "B" team posted a final record of 12-4.

Coach Stacy Winterroth said that it was a successful season, with both teams giving a full effort in every game.

Jenny Baumert said that three-pointers for the season were few, but enhanced the team's chances of winning.

"The victories usually came with the 'threes'," said Baumert. "Those and our fire-up parties really helped us a lot."

Traci Skinner was one of the team's point-guards this season. She agreed that the team put forth a great effort for each game.

"We really worked hard and well as a team to improve every single game," said Skinner.

"Overall," said Stephanie Mann, "the season was a success because the team chemistry

was good and a lot of us got experience on the sophomore squad."

photo by Kathi Buckley

Giving their all

With five sophomores playing for the varsity team this year and starting point guard, David Buckley, out for six weeks with a broken wrist during the season, the sophomore basketball team still squeaked out a 7-11 record. Andrew Maahs took the lead with his 15 points per game scoring average.

"It was a tough season," said Maahs. "Our starting lineup was different almost every game and we had some disappointing losses."

Coach Haywood Boston agreed that the team was lacking in unification.

"The team's unity wasn't so great with the five missing sophomores on varsity," said Boston. "But you can't practice that sort of thing."

Boston also said that the team's main goal of the season wasn't to win conference, but to have all the players play their best, give 100%, and be good students.

"We were a little disappointed in the wins versus losses category, but we progressed throughout the season," said Nick Miller.

Buckley returned late in the season after his wrist injury healed. "Coming off my injury, I started slowly," said Buckley, "but the team and I came together in the end to finish well."

Driving to the hole—Freshman Justin Reese drives in for two against Lincoln on Dec. 12 at home.

Fading away— Freshman Greg Danielson adds touch to a jumper at Roosevelt on Jan. 20.

Winning the conferences

The freshmen boys' basketball team was composed of effective rebounding and tenacious defense. Both of these aspects earned the "A" and "B" team each a conference crown with overall records of 11-5 and 14-1, respectively. Two of the "A" team's losses came from non-conference rival Urbandale.

Coach Brian Larson said he felt that the season was a success because of the team's closeness as a group.

"The team chemistry was excellent," said Larson, "and each member contributed something to the whole to accomplish our season goal of winning the conference."

Hoover out-rebounded their opponents this year, 508-380, with Greg Danielson leading the way averaging 10.4 rebounds per game. Danielson also led the team in scoring average with 17.5 a game.

Defense was another component of the Huskies' attack. Jason Karaidos led the team with 3.7 steals a game. Tony Quinn was second, thieving 2.3 a game.

"The steals that we got really sparked our transition game," said Karaidos.

"The season was a great success," said Alex Groen. "It doesn't get any better than having, not one, but both teams win conference."

Sweating it off

The wrestling team increased in size and numbers this year. There were seven returning letter winners. Returning coach Tam Ho said the team was led by senior Joe Lamb, junior Mike Amos, and sophomore Justin Song. The team was joined late in the season by heavyweight Dave Juskelis and 103 pounder Cardel James to help fill some spots. Juskelis said, "I wanted to go out and learn as much as I could and also stay in shape for football."

Even though the season ended with an 0-12 record, the season went well according to Ho. "We got more people to come out for the wrestling team this year. We had more wins, takedowns, reversals, and pins than the year before, and we're getting better."

Two old school records were broken this year: the number of takedowns and the nine second pin. Throughout the season there was a close race between Lamb and Song for the takedown record. Lamb broke the record for Hoover with 221 takedowns, beating Song by five. Lamb also broke the nine second pin

record by pinning one of his opponents in eight seconds. Lamb said, "One personal goal of mine was to leave a

mark. I wanted to set some new records this year and I did."

The J.V. team was led this year by junior Chris Davis and freshmen Eric Nichols and Brandon Bracelin. J.V. coach Rick Hammen said, "It was a good teaching experience for the guys. It gave them the chance to get some practice before moving up to varsity."

B

reaking the tape

The gun sounded and the race for State began, members of the girls' track team looked around and saw many new faces. This year's team had 27 underclassmen, 17 freshmen, and 10 sophomores.

Out of the starting blocks the team had to overcome a major hurdle, lack of experience.

"Because we had such young runners, our team goals were to run hard and gain experience," said coach Robert Jankovitz.

Running down the straightaway the team continued to make strides. Second place finishes at the City Series, and Fillies Invitational, at Dallas-Center Grimes. Third Place finishes at the Lee Township Invitational, and at the Carlisle Invitational.

"We had a very young team this year, with a lot of talent. These girls are hard workers, and are going to surprise a lot of people," said senior Kristi Sullivan.

When the Huskies crossed the finish line and the dust cleared, the girls' found out they

were going to send three relay teams on to the state meet on May 17 and 18, at Drake. The qualifying relays included, the distance medley relay team of sophomores Tara Taylor, Maggie Beavers, and freshmen, Stephanie Mann, and Tonya Halstead. The 4X200 relay team of Beavers, Taylor, Mann, and Freshman Cristy Meade, and the 4X400 relay team of Beavers, Taylor, Mann, and sophomore Tiffany Oakley, also qualified for the State meet.

S

triding with pride

The season started off rough for the boys' track team. The poor weather and low number of participants created many obstacles.

Senior Ryan Mitchell said, "I wish more people participated in track and other sports. It makes it difficult to compete with other schools that have 60-plus runners and we only have about 20. Hopefully future students do a better job in participating. The group all pulled together though and stuck the hard times out."

Coach Ron Peterson summed up the season when he said, "During a season of bad weather, we had a pleasurable team because the participants were having fun and enjoying the season."

Peterson said one of the major goals that the team set for themselves this year was to have some qualifiers for the Drake Relays. The team accomplished this goal by having the 4 x 8 team, consisting of seniors Tim Schnoor and Eric Groen and juniors Bob Shearon and Mike Ostreko qualify for the relays. Ostreko also qualified in the 3200 meter run. "The team set goals for themselves and worked hard to achieve them; it makes them fun to coach", Peterson said.

Schnoor said, "I'm proud of the younger guys; they worked real hard and learned a lot. I was little disappointed that we weren't a top notch team and with the lower number of participants. Coach Pete deserves better!"

senior Eric Groen

junior Dave Juskelis

"Eric has been a leader of the team on and off the track this year," Coach Peterson said. He was also a member of the cross country team and a state qualifier for track.

"It has been frustrating at times but overall we made a good improvement and hopefully the younger guys will continue next year," Groen said.

"David has improved much from last year; he has the potential of being a State qualifier," Peterson said.

"The season went pretty well for the number of people we had. Since we didn't have many people, we didn't score a lot of points at meets," Juskelis said.

E

xceeding expectations

The Hoover girls' tennis team came into the 1996 season with only one returning varsity senior and without many expectations. But a combination of new young talent and improved play from some unsuspected veterans helped the team to turn in a respectable 4 wins and 6 losses. Coach Laura Ahrendt, who was chosen CIML American League Coach of the Year by her peers said, "These players have shown a lot of heart and determination throughout the season and have continued to improve. There is a lot of young talent that should surprise a lot of people in the future."

After closing the regular season with victories against North and Southeast Polk, the Huskies' hosted their first regional match against North. The Huskies defeated the Polar Bears 7 to 4 and advanced to the second round against Lincoln. However the Railsplitters ended the Huskies' season by defeating the Huskies 7 to 2.

The tennis team had a record turnout in terms of players for the 1996 season.

The large team of young and inexperienced players recieved the opportunity to play on the varsity team, since veterans se-

nior Stephanie Roskamp and junior Nikki Johnson were lost for most of the season due to a Russian Exchange. "Even though we didn't have the greatest record, we all improved inidividually through experiance and really bonded as a team," sophomore Amy Peterson said. "Tennis is a great sport, it physically challenges you and is alos mentally challenging" said junior Loan Pham.

It takes a little concentration — Junior Nikki Johnson puts a ball in her pocket before she serves at Hoover against Lincoln.

Stacking up wins

The boys' tennis team was led this year by senior co-captains Chad Murray and Lukasz Nosek. With 18 other team members and coach Steve Lundholm guiding the squad, the Huskies ended the season with a winning record of 8-3.

The top three single players this year were Nosek, 6-3, junior Matt Anderson, 7-3, and senior Dan Newman, 9-3. The top three double players were Anderson and Nosek, 7-2, Murray and Newman, 7-1, and junior Tom Stehl and freshman Brent Thornburg, 7-3.

Lundholm said, "This has been a very good year for Hoover's tennis. The seniors have led the team through a winning year and also a tough loss against Roosevelt. The best meet this year was beating Lincoln 10-1. Last year we lost to them 8-3. The doubles team of Anderson/Nosek and Newman/Murray both played great and went on and won their doubles matches."

Anderson said, "We're doing well, a lot better than I thought we would." Lundholm said the biggest improvement

this year was the seniors, with Nosek playing at No. 1, Newman playing at No. 2, Murray playing at No. 4 and

David Rumelhart playing at No. 6. "Working with these young gentlemen and watching them grow to their senior year is what I enjoyed the most. I always miss the seniors when they're gone. The year has been very special because of the maturity level the seniors have shown in guiding the team to a very good year of tennis," Lundholm said.

Kicking it off

For the summer of 1996 the state of Iowa sanctioned girls' soccer as a high school sport.

"It was really neat to play for the first Hoover girls' soccer team and I'm excited for next year," junior Amanda Jones said.

In the last away game of the season, Hoover played Southeast Polk. During the varsity game, senior Emily Minnis scored three goals, earning the only hat trick of the season. Junior Kari Behn, freshman Stephanie Mann, and eighth-grader Emily Neve scored. The final score was 6-0.

The last varsity game of the season was against North at Hoover. Minnis, junior Theresa Hedrick, and freshman Amanda Young each scored a goal. Sophomore Megan Smith, Mann, and Jones each scored two goals. The final score was 9-0.

"It has been a really good season, and we had a lot of new girls this year. We are looking forward to '98 and the first girls state championship," sophomore co-captain Kelly Nelson said.

Juniors Candy Mason and Karla Rosales; sophomores Tiffany Oakley and Amanda Roed; freshmen Traci Camp, Katie Musser, and Christy Niebes all played for junior varsity.

"I think we were very good for our first year but not as good as we had hoped to be. I think that being a young team, we have things to look forward to," coach Art Behn said.

Reaching the goal

Even with the loss of several of last year's starting seniors, the Hoover boys' soccer team anticipated a promising season. "We had a big void to fill with last year's seniors gone, but we have worked really hard to fill that gap," said sophomore j.v. midfielder Rob Clark.

There were six returning varsity starters, they were seniors Billy Howe, Bryan Howe, Ryan Johnson, and Lukasz Nosek, junior Scott Johnson, and sophomore Eric Kitner. The team set many goals for the season. "Our teams' major goal was to return to the state tournament," said senior midfielder (Billy) Howe. Unfortunately, the team didn't make it to State this season after they were defeated by Valley, who then went on to become the state champions.

The team did finish the season with an overall record of 10-8, and 5-2 in conference. "We did not do as well as we predicted," said junior

sweeper (Scott) Johnson. Even so, the team had many obstacles to overcome during the season including numerous "injuries and bad luck," (Billy) Howe said. The teams' record wasn't the best one in years, but "The chemistry was the best it has been in about 4 years," said (Scott) Johnson, "Everyone is acquainted with each other's style of play."

Clark said, "The hard work our team has exhibited on and off the field has earned us respect, no matter what our record says."

On your toes - Freshman goalie Adam Johnson waits for freshman Todd Logsdon to throw the ball during a drill at the game vs. Johnston on May 18.

Bringing it home

As the 1996 softball season came to a close, the JV softball team stayed strong, sweeping the Walker Johnston tournament with five wins and no losses. With only four conference losses, first year coach Nikki Pena of Simpson College supported the Huskies

with her new coaching style and knowledge of the game. "I liked her because she's played softball before, so she knew what was going on," eighth grader Megan Kelso said.

Consisting of four juniors, three sophomores, five freshman, and three eighth graders, the JV team ranged from the experience of the upperclassmen to the young, but skilled, incoming freshmen. "It was a fun but long season. It was fun getting to know all the upperclassmen," said eighth grader Samantha Bunn.

As the season progressed, many injuries occurred. Underclassmen were called up to fill positions held by the injured players. Sophomore Amber Wessing stepped up to fill the empty catcher's position after junior Kristin Hayes broke her toe. Samantha Bunn was brought up to JV to replace Wessing, but in mid-season broke her finger and sophomore Aimee Hedrick took her place.

"Overall, our JV season was exciting and my teammates and I learned how to work together as a team and have fun while doing it," junior Amanda Camp said.

JV Softball team, front row — Christy Meade, Jessica Lovejoy, Amanda Bolte, Lisa Bentley, Amanda Camp; second row — Amie Hedrick, Sam Bunn, Missy Priest, Meghan

Kelso, Shayla Haynes, Kim Peddycoart; back row—Coach Peck, Melissa Mallette, Molly Gross, Katie Meimann, Megan Strum, Coach Pena.

Slugging it out

The Hoover Husky varsity softball team ended with a winning record of 21-20, winning six out of eight conference games. The squad consisted of 16 girls out of which only one was a senior. Kari Greenlee, the lone senior, received honorable mention All-Conference, along with sophomore Katie Gross, Amber Wessing and freshman Christy Meade. Junior Kathi Buckley and sophomore Anne Lawrie were selected to the second team All-Conference. The team had many goals and expectations.

"This year was great compared to others that I've played here and I'm very excited because I think we can use

our loss in regionals to motivate us to play well next year and win state," said sophomore Katie Gross.

Eighth grader Megan Strum said, "We really turned around in the second half and became a better team and I'm looking forward to next year."

The varsity squad post season was a bit of a surprise for some spectators as they went into districts as the big under-

dogs. The Huskies won their first game versus Valley 1-0, and beat conference foe North in the championship game 9-1 to win districts. The Huskies' season ended in the

Swinging for success

The varsity baseball team returned several players from the previous year. Those players were seniors David Peterson, Tim Schnoor, Eric Groen, and Nic Hoover, sophomores David Buckley, David Newman, Derek Wilcox, and junior Charlie Baumert. Along with the returning players, were some new faces, along with several underclassmen that were pulled up to suit varsity.

Last year's team ended their season with a record of 17 wins and 16 losses. They ended up placing 10th out of the 11 teams in the conference. Schnoor made Second Utility in the conference last year. Joining him were graduates Brad Haugh and Brandon Jones, who both made First Team All - Conference.

In Districts last year, the team beat Boone in the first round. They ended up coming one game away from going to State, but lost in the sub-state game to Ames.

Coach Mark Chelleen said he was proud of the team's season. Some highlights of the season were the Huskies win over Valley, the 1995 State Champions, in the regular season game. The Huskies also beat Indianola, who took second at State, twice during the season.

H leading for home

The 1995 sophomore team ended last year's season with a record of 18 wins and 12 losses. They ended up placing 14th out of the 17 teams in their conference. The team had a tough break last year; they were in first place out of their conference but ended up losing their position three days before the season was over.

Sophomore coach Scott Noah said, "This year if we hustle and work hard we'll do fine!" Much of the pressure is on

the pitchers according to coach Noah, those pitchers include Matt Woods, Brian Foster and Bob Hamel. Noah feels that if the pitchers perform well it will help the team out immensely.

The sophomore team had several players who were called up to the varsity team during the season; these contributors were sophomores Buckley, Newman, Noah, Wilcox and Welton.

The freshmen team also had one of their players called up to the varsity team during the season; this contributor was freshmen Jason Karaidos.

The sophomore baseball team finished the season with a record of 16 - 14. A complete listing of scores were not available at press time; player statistics were also unavailable.

The freshmen baseball team finished the season with a record of 13-18-1. A complete listing of scores were not available at press time; player statistics were also unavailable.

Making spirits soar

The varsity football cheerleaders kept busy during the 1995 football season. Besides cheering at the games and pep assemblies, they were also in the Beaverville

Parade on Sept. 9 and held a "Hoover Pups" clinic on Oct. 9. The "Hoover Pups" are children in elementary and middle schools who participate in certain Hoover activities.

During Homecoming week, the varsity cheerleaders participated in a number of activities. This included the sidewalk painting contest and the car rally. At the Homecoming assembly and at half-time of the football game that night, the cheerleaders performed a dance to the song "Faces".

The six juniors and six seniors said they had memorable experiences cheering together.

Senior co-captain Jessica Harding said, "Everyone got along better this year which made it a really fun year."

Junior co-captain Tiffany Camus said, "This years homecoming was so much fun. We had a blast, learning our dance, practicing, going to the car rally and especially decorating the guys' locker room," she said.

Camus also said, as a squad, they were proud of the football team and they all loved to represent them.

Raising the energy

As it is every year, the varsity basketball cheerleading squads' primary goal was to establish a wide range of support, spirit, and pep, not only at the basketball games and pep assemblies but outside the school as well.

The cheerleaders conducted a clinic for grade school students, called the "Hoover Pups". The Pups then had a chance to perform at the Jan. 19 basketball game.

The captains of the two squads were seniors Stephanie Roskamp and Katie McGrath.

The varsity cheerleaders' first performance was done to Mariah Carey's version of "Santa Claus is Coming to Town". The dance was performed on Dec. 15 and was choreographed by former Hoover cheerleader Chris Harris.

Their last dance of the season was performed for the student body at the Feb. 23 pep assembly and later at the basketball game. The dance was done to the song "Jump" and was also choreographed by Harris.

Harris said, "It was really fun to work with such a great group of cheerleaders; I really enjoyed the girls and their spirit."

Quick decisions – The sophomore basketball cheerleading squad discuss their next cheer.

Supporting the pound

The sophomore and freshmen basketball cheerleading squads agree that the season was a successful and interesting one. "We really worked well together," sophomore captain Abbey Williams and freshmen captain Jessica Lovejoy said.

Williams said their most memorable game of the season was the last game because they just "really let loose and went wild". She also said that "Each season is never the same. "I always experience something new every year."

The sophomore squad had to split into two groups in order to have cheerleaders at both the girls' and boys' basketball games. This made it a little difficult to communicate with each other but "we were able to work things out," said Williams.

As for the freshmen, Lovejoy said their most fun game of the season was against Indianola because they all were in "hyper-moods" and they were running in circles doing funny chants.

The sophomore and freshmen squads also helped with the Hoover Pups clinic and performed at the halftime show with the Hoover Pups and the varsity cheerleaders.

Pounding the mat

Smile big -

Seniors Dena

Shoemaker and

Sally Allan

show off their

dance moves at

the wrestling

meet Jan. 11.

This year's wrestling cheerleading squad consisted of six members. They were seniors captain Holly Feickert, co-captain Marci Simonini, Dena Shoemaker and Sally Allan, and juniors Theresa Hedrick and Heather Taft.

Of the season, Allan said, "I think this season went by faster than any of us thought it would. I enjoyed cheering with all the people on my squad. Al-

though it was very time consuming, it was a great year for me and I'm sure I will miss it next year."

With wrestling cheerleaders not having the advantage of the whole basketball court or the spacey track to do cheers, they performed the cheers sitting down. They combine pounding, clapping and chanting to put together a number of cheers to encourage the wrestlers to victory.

"It was fun cheering with my senior friends my senior year. I am really going to miss cheerleading next year and the great times we had," Shoemaker said.

The squad also participated in two different dance routines along with the basketball squads. The first was the Hoover Pups. Cheerleaders taught elementary and junior high girls a few cheers and a quick little dance and then they were given the opportunity to perform at half time of the basketball game on Jan. 19. They also performed to "Jump" at the last home basketball game Feb. 16 against North and at the Student of All Seasons assembly

Wrestling Cheerleaders, front row - Theresa Hedrick, Marci Simonini; second row - Dena Shoemaker, Heather Taft; back row - Holly Feickert, Sally Allan.

Ready, O.K. - Seniors Dena Shoemaker, Marci Simonini, and Holly Feickert cheer on the wrestlers at a home wrestling meet.

Steppin' to a beat - Niema Nichols dances to a Michael Jackson medley during a pep assembly on Feb. 16.

Here we go—senior Niema Nichols and junior Charles Sutton show off their moves during a performance from the drill team at a pep assembly.

Feeling the groove

Returning for the second year, this year's drill team consisted of 13 members and director MaryAnn Spicer. With drill team only being in its second year Spicer commented that they look to perfect the dance routines by adding more formations and using the poms:

Senior captain Niema Nichols participated at the

State Drill Team Competition on Oct. 11. She also helped with the choreography for the dances along with the Drake pom squad and a few special guest artists.

Nichols said, "Despite all the things people say or have said about the drill team, when we dance we have fun."

This year's squad's last performance took place at the final home basketball game Feb. 16.

"It's a wonderful feeling to dance to music. It's a great way to express your school spirit," Spicer said.

photo by Kari Greenlee

Done...

Niema Nichols

Crystal McQuerry

"I had alot of fun with the drill team this year. It was a good experience for me because it taught me thow to be patient with people."

"Drill team was a wonderful experience . I got to meet a lot of people, and dance at many games."

Leading the pack – senior Crystal McQuerry leads the troops before a performance at the Homecoming assembly on Sept. 29.

Get fired up! – Seniors David Peterson, Tim Schnoor, Ryan Mitchell, and Bryan Howe get pumped up for the big game against Dowling on Feb. 9 at Dowling.

Bye – bye hair! – Sophomore Harry Stanley gets his hair shaved off by the varsity football team during the Homecoming assembly on Sept. 29.

You & Me

They are the ones who attend the classes. They are the ones who make up the sports team rosters. They are the ones whose voices you hear bouncing off the walls in the hallways, at sports games, at school dances, and at pep assemblies. They are also the ones who, whether they are aware of it or not, sculpt Hoover High School's history.

"They" are you and me. The faces that grace the pages of this yearbook. A book that is intended to immortalize memories of experiences that are unparalleled to anything else. As we all know, a yearbook serves only as a guideline. By looking through the pages, we can all reflect on specific times but we rely on our memory to draw more details from each photograph. Each face. Each person.

Every individual has a place in the yearbook. Whether it appears on twenty pages or one, without the faces, the yearbook would have little character, if any at all.

Each class at Hoover High School has its' own unique individuality. The freshmen class, for instance, is one of the largest Hoover has seen in years with 331 people in their class. The sophomores are the ones who are just beginning to discover all of the possibilities available to them through high school. The majority of the junior class have their minds on being seniors, while the seniors are just beginning to think seriously about college or fulltime jobs.

As students participate in sports, perform onstage, or attend classes, they tend to have one recurring thought: the thought of individuality. Being a student, a person has the urge to make his/her mark. An individual wants to be remembered as the only one of his/her kind; not one out of the 1100 other students. It is this goal that gives the school its atmosphere.

photo by LeeAnn Hofferber

Changes expected by 2001

For the past three years the staff of Hoover High School has been concentrating on a plan to develop an interconnected curriculum called the School Improvement Plan. The plan focuses on four major target goals including: goal setting, problem solving and critical thinking, community service learning, and the major focus, career pathways. The school improvement team hopes to have these ideas implemented by the year 2001.

The plan will encourage students to identify educational and career goals early on during their freshman year. They will select a pathway in Technology, Work, or College, and choose classes that will supplement their choice. Students will then be grouped by with faculty members based upon their individual educational focus. These "Focus Groups" will meet weekly to explore and discuss related careers, develop their resume portfolios, perform community service projects, and participate in various extracurricular activities. To make time for these Focus Groups, the school day will be modified to increase effective teaching and learning. There will be two

morning and two afternoon classes instead of the current seven period schedule.

Teachers will stress the importance of problem solving skills to solve difficult academic and life situations as much as the acquisition of basic skills. Cooperative learning groups will also help students develop interdependence by working together and relying on one another.

Community service will be required as a part of the School Improvement Plan in an attempt to increase students' self esteem by helping others, and to develop a sense of pride in the community and school. In addition to community service, students will participate in various extracurricular activities that result in a well-rounded high school experience. School Improvement Committee Chairperson Jane Hildenbrand explained, "The concept behind school improvement is primarily to improve student learning; it's not about painting the walls or getting new plug-ins, it's about getting kids to learn."

Plans for the Future

School Improvement chairperson

J a n e

Hildenbrand re-

Steady Progress – Principal Bill McCollaugh points out the committee's goals on the School Improvement ladder.

Keeping the stats – Boys' tennis coach Steve Lundholm records the scores at a tennis meet.

Let's Get Physical

Hoover's Physical Education Department consists of four teachers: Dave Linder, Steve Lundholm, Ron Peterson, and Debbie Stetson. During the 1995-96 school year all four have been recognized for their outstanding achievements as coaches and as players.

Physical Education instructor, Dave Linder was honored for his contributions to the sport of swimming this year when he was inducted into the Iowa Swimming and Diving Hall of Fame. Linder has coached boy's and girl's swimming at Hoover for 29 years. Linder said the accomplishment of which he is most proud is to have created an aquatic program that has been so well accepted by students. Also Linder said, "It's nice to be recognized by my peers for the time and effort I have put into coaching."

Steve Lundholm, probably the most versatile of all Hoover's physical education teachers, has coached 11 different sports during his many years at Hoover. He coached the Hoover varsity football team for 23 years, and he currently coaches boy's golf and boy's tennis. On November 17 Lundholm was honored for his achievements during the time

he played football at North High School when he was inducted into the High School Football Hall of Fame as a player.

Physical Education instructor Ron Peterson has been coaching cross country at Hoover for 10 years. Last fall he was named cross country state coach of the year, and cross country conference coach of the year for his outstanding coaching record. Peterson has also coached track, girls basketball and football at Hoover. Of all his achievements Peterson said, "I am most proud of the strong relationships I have with my athletes."

Debbie Stetson has taught at Hoover for 4 years. Stetson is the current cheerleading sponsor, this year she was selected to coach a cheer/dance squad from Iowa at the 1996 Air New Zealand Down Under Bowl in Australia. Stetson expressed excitement about coaching the Iowa squad. She said, "It's going to be the experience of a lifetime!" Aside from cheerleading, Stetson has also coached boy's and girl's tennis at Roosevelt for 11 years. This year Stetson was named Iowa High School Coach of the Year for her successful tennis season.

Forget Your Troubles

Freshmen tell what makes them happy.

Forget your troubles, and get happy! Almost everyone has something in his life that can make him smile, even on the days in life where it seems that nothing is going right. In a survey that asked what could make them forget their problems and get happy, the freshmen answered with a range of things, from money to people, or from talking to anything at all. Overall, most of the students surveyed had at least one thing in life that could turn the frown on their face into a smile at anytime.

Are You a True Freshman?

Take this quiz to find out if you have the qualities of a true freshman

1. What is the biggest difference between junior high and high school?

- a. The building is bigger, and there are a lot more students.
- b. Classes have homework; you need credits to graduate.
- c. You can chew gum in class.
- d. It's even more difficult to breathe in the bathroom.

2. How do you get to school?

- a. My parents drop me off at seven while they're on their way to work.
- b. I get a ride in my brother's beat-up Pinto.
- c. I walk. The exercise clears my lungs.
- d. My brand new Schwinn ten-speed or my Thrasher skateboard. Who can decide?

3. How are you adjusting to

high school?

- a. Great, I'm getting all "A"s.
- b. I live in fear of walking through the student center.
- c. Super, my mom still doesn't know they pass out report cards every six weeks.
- d. Well... I heard freshmen grades don't really count.

4. What were your greatest fears about coming to Hoover?

- a. Having someone find out that I'm here to learn.
- b. Getting lost on the first day of school.
- c. Having my locker searched for drugs.
- d. Seeing a gun in the locker next to mine.

5. What do you do on Friday night?

- a. Get a head start on my home-

work.

- b. Stay home with my little brother and watch TGIF.
- c. Work through Hooked On Phonics one more time.
- d. Have Mom drop me off at McDonald's so I can find a gang to hang with.

Scoring: a=4; b=3; c=2; d=1

20-15: You're a wholesome, well rounded individual, and bound for success in highschool. You may have no social life, but that's OK. You'll be attending Harvard, while everyone else is working at McDonald's.

14-10: You have shown signs of intelligence, but are still pretty much an average freshman. Read up a bit, study hard and you'll be a success...maybe?

9-5: Congratulations, you are a true freshman. Your future is in question. Good luck in lasting until May of 1999.

And the Fighting Continues

Freshmen feel that racism still exists in the world and at Hoover

Lending a hand – Freshman Francisco Chambers receives some help on his computer assignment from a fellow student in the class.

How's the weather? – Taking a break from class, freshmen Sue Peterson, Pat McCarthy and Tiffany Burford take some time to talk to one another and see what's new.

Racism has always existed in the world. The problem has seemed to decline over the past decades, but as a recent survey of freshmen revealed, the problem is still very much alive in America, and at Hoover. "I think racism exists everywhere," one student said; "no matter where you go, you can never get around it." The survey also asked if they knew someone racist, and if that person was a relative. 67.3% of freshmen surveyed said they knew someone racist, out of that percentage, 31.3%

said the person was a relative. Freshmen had many opinions on the survey. Most of the students surveyed said racism existed at Hoover and in the U. S. These students surveyed had been at Hoover not even a year, yet they still said that racism was present in the school, whether in the classroom or among their peers. The survey suggested that there is still a way to go before we rid the world of the disease called racism.

Is God Important or Irrelevant?

Survey shows were freshman rank religion in there everyday life.

In the past, civilizations have been built based upon it, wars have been fought over it, and standards of life have been judged by it. Religion and religious beliefs have been a major part of the worlds' history. But in recent years, as the morales, values and standards of families come into question, another question comes up; how important is religion to Americans these days? Religion used to be used as a foundation for many families to base their beliefs on. Religions would be used to guide families decisions and to provide a standard by which they could live. A recent survey showed that only a few more then half of the freshmen surveyed felt that religion played a significant role in their everyday life. Many students surveyed felt that religion was somewhat important, but that it does not play a significant role in society. Almost forty percent of the freshmen surveyed felt that religion was not very important to every day life.

How important is religion to you?

very important - 58%

somewhat important - 63%

not very important - 38%

Sophs Act Out, Make Their Mark

Sophomores Beth Soike and Ann Marie Hansen Take Drama Seriously

Elizabeth Soike and Ann Marie Hansen are two of the leading ladies in the Hoover drama department. They have been active in drama for all of their high school careers.

Soike has participated in "It's a Wonderful Life", the Improv Fest, state large group contest, "Commedia IX", and she portrayed the infamous Veruca Salt in Hoover's production of "Charlie and the Chocolate Factory."

Hansen was in Commedia VIII & IX, "It's a Wonderful Life", state large group contest, and also was in the Improv Olympics. Both of them are active in cheerleading, and many other activities.

Soike said of her future plans, "I plan on studying supernatural activity and paranormal psychology."

Hansen said of her future, "I don't really care as long as I am happy."

"A fond memory of mine is when senior Jake Smith hit me really hard in the face about 4,000 times during the Improv Fest," Soike said. "Another memory is playing Veruca Salt in 'Charlie and the Chocolate Factory'; it was a really fun role," she said.

Hansen said, "I enjoyed pushing senior Rich Nagel around in a wheelchair during 'It's a Wonderful Life'."

Both are active outside of school also. Soike said she's a fanatic when it comes to horse riding. She takes riding lessons at Fox Field stables, where she rides a horse named Gyp and will start doing shows this spring.

Hansen participates in dance. She takes dance lessons at Van Cleve Studios.

Sophs Sum Up Year

The sophomores rate their second year at HHS

"It is an exciting adventure avoiding the 'Sophomore Treatment'."

— Beth Soike

"It sucks; can't drive."

— Nick Simonini

"It's Grrrrrrrrreat, like Frosted Flakes."

— Alissa Knoell

"Everything comes naturally to me; it's really easy."

— Colin Johnson

"It's hard, man. The classes are so much harder, I'm sick of it already."

— Chone Phiathep

"Being a sophomore is the best thing to ever happen to me. I love my school; I want to be a sophomore for the rest of my life. Right here at Hoover."

— Lee Gannon

"It's really groovy."

— Aimee Ramsey

"I like it alright, but my boyfriend Nick makes it a lot better."

— Amanda Bolte

"It doesn't really bother me. It was tough at first, but now I'm used to it."

Something Smells Fishy

Fishing is the weekend sport of choice for a group of sophomores.

After a hectic week of school, work, parents, and sports, it's time to relax and have fun. A group of four sophomore guys, Brian Foster, Dave Newman, Nick Simonini and TJ Welton, spend this time relaxing their favorite way; getting together and going fishing. Most of these guys have been fishing their whole lives. "My grandpa has a pond on his farm, so I've pretty much been fishing every since I was a little kid," Simonini said.

photo by Marci Simonini

"Fishing is easy to do. All you need is a rod, reel, some bait, and patience," Foster said. He also said that skills wouldn't hurt to have either.

The favorite place for these four guys to fish is the Pits. "You can catch some big bass there," Welton said. The ponds at the Pits have many different fish in them, but the favorites of the foursome to catch are bass, walleyes, and

Where's the hwag?—Nick Simonini tries to bring home a 10lb. hawg bass to hang on his wall.

That's a wrap—After three hours and no luck, Brian Foster and David Newman calls it a day.

crappies. "I like the feel of a big tug on the end of my line," Simonini said.

According to Foster, the best time to go fishing is usually around dawn or dusk. A typical day of fishing for this group usually starts in late afternoon. The amount of time they spend out fishing depends on if the fish are biting that day or not. "We spend about three hours walking around the ponds. If we don't catch anything, we leave. If we do, we might stay until after dark," Newman said. The day is spent walking around the pond, changing lures, and waiting. "You need a lot of patience to be a fisherman," Welton said.

When first starting out to fish, Foster offers this advice, "If you're not catching anything after about ten minutes, change your lure. After about thirty minutes, move to a new area."

When asked about the best way to be a fisherman, Simonini said, "It's all individual. There is no best lures, no best rod, no best spot to fish. It all about what works best for you and what you personally like best."

Sophs Tell Future Plans

What do you see yourself doing after high school?

"I plan to serve and protect our great nation in times of need. God bless America."

— Lee Gannon

"To graduate from high school, to go to college, and to get a good job."

— Amie Hedrick

"I don't care, as long as I've got money, money, money."

— Alissa Knoell

"To win the Nobel Peace Prize; yes, the Nobel will be mine."

— Ryan Baldwin

"To make it big on Broadway."

— Ann Marie Hansen

"To be the starting quarterback for the Iowa Barnstormers."

— Nate Curl

"I plan on attending college and play basketball. I'll spend the weekends fishing with Nick (Simonini) and Brian (Foster)."

— T. J. Welton

"I want to play basketball in college and then get married and have a big family; maybe I'll be a nurse."

— Maggie Beavers

"In the future, I plan to go to college, travel a lot, and have a family."

— Karen Lueder

I want to go to college and take veterinary medicine.

— Tynieka Scott

Juniors Study For Better Future

What classes do juniors spend the most time on?

Chemistry, Pre Calculus/Trigonometry, English, American History, and electives, this is the class load of the average junior. It is easy to see why a majority of juniors agreed this is their toughest year in high school academically. Steve Whiney said this is his hardest year, "because this is the time to get involved, and it's hard to do that and to do the class work too."

With this being their hardest year, most juniors, almost 75 percent, said that Chemistry was their hardest class, followed by Trig, and English was third.

One problem that goes along with having hard classes is the homework. When sked how much time they spent on homework each night, the juniors gave answers that ranged from four and a half hours at the most to an hour at the least, while others have homework they don't get all done. Cody Peer said, "I'm not sure, how much home work I have nightly, but I know it's alot more than I actually do."

Crystal Coleman added, "It seems to me that my teachers aren't concerned with what other classes assign, they assign work, and they want it to get done."

Despite all the homework, most juniors believe academics are important. Chance Hulten feels, "(academics) are as important as the Swimsuit issue is to Sports Illustrated."

Nga Lam said, "Academics are very important, because they're the basis of your career."

Amanda Camp summed up by saying, "Academics are important now for a good career later on in life."

Work it Baby!

Where are the juniors working?

Work. No one really likes to work, but if you want money, you are more than likely going to have to get a job and work to get it. Out of the 248 juniors in the junior class, 113 responded to a survey that asked how many of them had jobs and where they were employed. Every person who responded said that they were employed. The most common places of employment for the students that answered the survey were grocery stores or fast food restaurants. Other common places were clothing stores, movie theaters, daycares, and discount stores.

Juniors Do Something Extra

What do juniors do with their spare time?

School is not all about academics. There are many other activities to get involved in to show support for your school, while having a good time too. From sports to drama to clubs, there are a variety of extra-curricular activities at Hoover to get involved in. These activities

not only offer the chance to meet new people, but they also provide the opportunities to learn new skills, such as leadership and sportsmanship. Out of the 248 juniors that were surveyed, 76 people responded to a survey asking what people did in their spare time. Out of those 76 people that responded, 64 of them said that they were involved in some kind of extra-curricular activities.

To the Green – April Taylor looks to get the ball over the hill and on to the green at a girl's golf meet.

What do you feel like? – Bridget Evans, Kathi Buckley, and Courtney McCormick take a break from decorating for the Homecoming assembly to decide where to go for lunch.

Even though many of the juniors keep busy with school work and part time jobs, they still find time for these activities. Many of the students say that it helps them out to be involved in activities. They say that being involved in so many things helps them to organize their time better and be more responsible. Junior Jon Talcott was asked how do these activities affect your school work, he said, "They make scheduling your time very important."

Many of the juniors also feel that they gain a great deal by being involved. Junior Theresa Hedrick said, "I learn important skills, (cooperation, dedication, communication, making friends and having fun)."

Even though the majority of the juniors feel that being in extra-curricular activities is a positive experience, some feel that being so busy can be a down fall. Junior Steve Whitney said, "It's not fair, nor easy to balance school work, and those activities, Often times, they are highly over-rated."

Dirty Dancing — Seniors Jake Smith and Rich Nagel dance close for the dance contest while senior Jolyon Thomas watches in the background during second lunch on Disco Day of Spirit Week, Thurs., Feb. 22.

Flying high — Senior Chad Murray demonstrates his skateboarding moves with ease on the stairway on a spring day. Murray skateboards in his free time with fellow senior Nate Kirstin.

Over & Out

The moment has finally come, to remember what we've done here at Hoover as we fly into the new light of the dawn spreading out before us. But who could ever forget the monumental years we spent here? Who could forget walking through the doors as freshmen, uncertain as to where to use our elevator tickets to get to the third floor?

On the encouragement of upperclassmen, many of us found ourselves getting involved in various after-school activities and taking some ownership in shaping what Hoover was to become. We began to test our individual strengths and try new things that we wouldn't have normally done in the past. The time came for us to get our driver's licenses. Most of us embraced this and found ourselves fighting for a parking spot in the modern gravel student parking lot. Junior year with Mr. Murphy in chemistry and all our other classes went by as we looked forward in anticipation of our senior year.

Finally it came. Senior year. From music to sports to drama to academics, we showed that we are a diverse group of people, capable of leading Hoover in many different ways. Many memories were made that will not soon be forgotten. Things like Mr. Koch and government/economics. Or how about our cross-country team that took many to state? Who could forget the five seniors who worked hard and finally made it to All-State in music? How about the many performers who made it to All-State drama? The list goes on and on with the many accomplishments and memories we have made this year. Some we will remember fondly while others we may choose to forget; but through it all these memories have helped shape us into who we are today.

Most importantly though, we will remember the people. The faces of our friends who have helped us make it through school and all that life threw at us. If it wasn't for them, where would we be today? They have provided a solid foundation for us; no matter what happens after we graduate, we will always be remembered in the pages of this book. The year is over, it's time to head out. We're outta here.

photo by Kathi Buckley

Murray and Kirstein are totally board

Skateboarding is a exciting pastime that gives a thrill to two seniors

The sun is hot. Firmly planted are the feet on the board, as it gains momentum. The world rushes by, a blur of colors. Before the body is able to adjust, the board has left the safety of the ground and soars into the air. Flying, a euphoric feeling overcomes all the senses.

It's because of this feeling and rush, that seniors Chad Murray and Nathan Kirstein decided to skateboard. Murray explained this feeling. "I skate because it gives me a euphoric, orgasmic feeling. Knowing that when I leave the ground I may never return, gives one a rush that cannot be duplicated," Murray said.

Both Murray and Kirstein have been skateboarding approximately two years. Murray said he usually skates with others but occasionally will skate solo. "If I'm by myself and I feel I need to do something, I go out and skate," Murray said.

Kirstein said there have been a variety of people who have influenced him in his skateboarding. He said, "Some pro-skaters like Willy Santos and Jeremy Wray really stoke me out. I also like to chill with my local bros: Jade Townsend, Joe Ramirez and Chad Lopez."

Neither Murray or Kirstein believe safety and equipment are big issues. Murray said he goes through boards about every three weeks and doesn't like to

use pads. Kirstein said, "I don't use a particular type of board. I just ride one until it breaks and then I buy a new one." When it comes to moves, they both have a variety. Murray listed his moves as "kickflips", "heelflips", "frontside 180", "backside 180", and "nollies."

Murray encouraged others to start skateboarding. When asked what advice he would give others who are interested he said, "Do it. You may not have the natural talent, but it will come with time." Kirstein said, "Don't worry about anyone else's style, develop your own. Skate whenever you can."

The Quiz Said—Are you a True Senior?

Take this quiz and find out!

- 1. I arrive for school at...**
 a. 7:30 a.m., so I can get a good parking spot, grab some breakfast and still have time to study.
 b. 7:54 a.m., and run to my first period class.
 c. 8:15 a.m., with a really good excuse.
 d. 9:00 a.m., school starts before then?

- 2. I had a difficult time this year...**
 a. Working at Easter's every day to raise money for college.
 b. Fitting all of my activities into my schedule.
 c. Getting to school on time on late start in-service days.
 d. Persuading Mr. Cumpston that I had good excuses for being gone after I passed my sixth absence limit for the semester.

- 3. My main goal for the last semester of high school was to...**
 a. Get all "A"s and try to become valedictorian.
 b. Pass Mr. Koch's Government/Economics class.
 c. Take as many homestudy periods as possible.
 d. End the year with 50 "college visit" excuses and still walk down the aisle at graduation.

- 4. In ten years, I see myself...**
 a. Married with two kids, while campaign for president.
 b. Working as a secretary.
 c. Single, working as a cashier at McDonald's.
 d. Divorced four times and employed at Maytag repair.

Scoring...
 a=4; b=3; c=2; d=1

photo courtesy of journalism department

13-16=Loosen up! Try to do more spontaneous things. You're only in high school once.

7-11=You occasionally show signs of being a true senior but are inhibited. Don't be afraid to let your senioritis show.

0-6=You are a true senior! You display an attitude that has taken four long years to develop and it shows by your actions.

Moving to the Beat of a Different Drum

Senior Anna West discovers satisfaction and enjoyment in dancing

Boom. The rhythmic beat of music pulsates to the very core of one, causing the body to involuntarily sway and move in patterns, an experience known as dance. For senior Anna West this has been a common experience for her the last 13 years. West has been dancing at Betty Hill Dance Studios since she was four years old. When asked how she started, she said her grandfather encouraged her to start and she did.

West does a variety of dance styles including tap, ballet, jazz and lyrical. Of all styles, she said tap is her favorite.

"The sounds and styles of dance you can get from tap are amazing. It is one of the most flexible types of dance."

According to her, the practice is the most difficult part of dancing. "I practice every day except for Friday and Saturday, anywhere from one to six hours a day. Dancing, West said, provides a way to express herself. She said, "It is tons of fun and a great way to spend free time."

West said Debbie Westphal, the director of the studio inspires her. West said, "She is an incredible person. She choreographs most of the dances, which is about 70 a year."

West said she has had many memorable incidents involving dancing. She talked about one in particular, "I was in eighth grade and I didn't have my contacts in on stage. I almost fell off the front of the stage. I always wear my contacts now."

West sees dancing as a possible career. She said she hopes to continue with it as long as she possibly can. "I'd like to perhaps teach after high school. I am a student teacher now."

Dancing, both the good and bad, has become an intricate part of West's life, she said. West said, "The best part is when the curtain goes up and all of the audience has their eyes on you."

The Quiz Said—Do you Have School Spirit?

Take this quiz and find out!

1. On green and gold day during spirit week, I wear...

- a. As much green and gold as possible.
- b. A green or gold shirt, if I remember to.
- c. Normal school clothes.
- d. All black.

2. When the school song is played, I...

- a. Stand up, cheer and belt out the words as loud as I can.
- b. Stay seated and hum the tune.
- c. Talk to my friends.
- d. Fall asleep.

3. This year, I have attended...

- a. At least 10 or more extra-curricular school activities.
- b. 5 extra-curricular school activities.
- c. 0 extra-curricular school activities.
- d. All of Johnston's basketball games, sitting on the Johnston side.

5. During the spirit stick competition at assemblies, I...

- a. Am in the front row screaming "V-I-C-T-O-R-Y!"
- b. Stand in the middle and cheer, but only if the people around me are.
- c. Don't go to assemblies.
- d. Am in the front row screaming "A-P-A-T-H-Y!"

6. On assembly days, I think it's important to...

- a. Decorate the gym, make posters and get the team fired-up to win the game.
- b. Get out of class to decorate.
- c. Sneak out during the assembly without getting caught.
- d. Talk and make as much noise as possible during the assembly.

Scoring...

Mostly A's=You possess ultimate school spirit and take pride in Hoover! Go Huskies!

Mostly B's=You occasionally show school spirit, as long as it doesn't

photo courtesy of journalism department

take too much effort.

Mostly C's=You could care less about school spirit and go through your days indifferent to the particular school you go to.

Mostly D's=You despise Hoover and it shows through your actions. In fact, you do everything in your power to fight against school spirit.

The survey's done, here's what you said

What was your most memorable high school experience?

"My junior year when Tiffany, Ayesha, and I missed the bus to the Fort Dodge game and chased the bus up Aurora and until we caught it. One of the coaches came to pick us up at Tiffany's house, but we weren't there. The coach called our parents, who didn't know where we were at. Our parents filed a missing person report. So we were missing and didn't even know it."

—Diondra Tate

"I will probably always remember how I bonded with my true friends by giving each other support after Jerry Garcia died."

—Sarah Nevins

"Hitting the three pointer at five seconds left in the fourth quarter my freshman year and making it in the newspaper and TV news."

—Jesse Woody

"Biology II and the sick, gross moments with Mr. Pershau!"

—Lieu Phan

"Beating up a freshman my sophomore year because he wouldn't stop swearing at me."

—LieLani Bollinger

"Last summer I took a trip out to North Carolina with about ten students. While we were there, I got up and sang in front of thousands of people and also got to meet Shai. It was a blast."

—Elizabeth Tymeson

"I would have to say being kicked out of the spring dance my junior year for dancing 'inappropriately' with Julian Guthrie."

—Sarah Severson

"Freshman year basketball game. Nate Kirstein. Enough said."

—Billy Howe

Strive for the best

Senior Board leads the class of '96 to a successful year

The Senior Board is a crucial part of the organization of most senior class functions and activities. They sponsored all of the senior activities throughout the year and strove to ensure an exciting and organized senior year. During the 1995-1996 school year the Senior Board consisted of four officers and numerous senior activities committees.

The Senior Board officers were: president Jared Gilbert, vice-president Jodi Solberg, secretary Amy Lee, and treasurer Sally Allan. These officers were voted by the senior class in an election held earlier in the year. The officers were responsible for presiding over senior meetings. Each officer was also assigned a senior activities committee to be chairperson of. Some of these committees were Cap and Gown, Senior Breakfast, Senior Awards, Commencement, Prom, Post-Prom, Senior Gift and Fundraising.

Although the Senior Board officers' duties were to assist in all senior activities, the whole senior class had to show their leadership skills by participating in fundraisers or serving on committees either as co-chairs or as committee members.

"The idea was to give every single senior a chance to take part in making their last year of high school a memorable one. It's a group effort," Gilbert said.

"Being seniors, we all needed to make sure that this year was an experience we won't forget," Allan said.

One of the fundraisers for the seniors got all of Hoover High School involved. Students were encouraged to support the graduating class by purchasing soft drinks at Fazoli's Italian Fast Food Restaurant. The proceeds then were donated to the senior class.

Arrangements such as reserving the Drake Knapp Center for the Commencement ceremony had to be made by the Commencement committee. Choosing the theme for prom and organizing the Post-Prom activities at Plaza Lanes was also on the agenda list. Meetings began as early as September.

"Prom and graduation arrived before we knew it, so everyone had to think about it early," Lee said.

Dean of Students, Dennis Cumpston, said, "The Board wanted to accomplish as much as possible with the time provided."

photo courtesy of journalism department

What a Knight

Senior's final dance, "Knights of Camelot," is big success

For many students, prom night started 11 hours before the dance was scheduled to begin. They made their way to the Convention Center on Apr. 20 to start the task of decorating. Six hours later, the huge room had been transformed to fit the theme, "Knights of Camelot", with a balloon arch covering the dance floor, medieval decorations, and a castle which rose ten feet overhead.

As the clock chimed 9 o'clock, the crowd began to saunter into the building. It was prom night at last and as they passed over the drawbridge and through the castle, the night had begun.

The king and queen, Michael Jackson and Tiffany Walker, were crowned, and the court—Mike Kelly, Ryan Johnson, Ryan Mitchell, Jared Gilbert, Dan Newman, Beth Burnquist, Amy McDonald, Caron Slater, Cassie Murphy and Marci Simonini—helped lead the crowd in a dance.

"Knights of Camelot"

Hoover High School
Senior Prom

Saturday, April 20, 1996
9:00 p.m. — 12:00 a.m.

Convention Center of Des Moines

At midnight the doors closed, but for the seniors, the night was just beginning.

Immediately following the dance, the post prom celebration began at Plaza Lanes. As the participants entered the bowling alley, their names were placed into drawings for prizes which were awarded throughout the evening. Many of the prizes which post prom had re-

ceived were donated by companies and also bought from money given by the senior families. The agenda for the evening included free bowling, gambling, bouncy boxing, free food, and a hypnotist.

The festivities ended with a microwave, refrigerator, VCR, television, and a cordless phone being raffled away among the seniors.

"Now I don't have to buy one for next year," senior Megan Carrico said after her name was drawn for the microwave.

The night was summed up when Simonini, prom co-chair, said, "Thanks to all the people who helped. The evening was a success. We sold a record number of tickets to the dance and post prom had a great turnout. They both were a lot of fun and it was a great way to end our stay at Hoover."

photo courtesy of Caron Slater

Duking it out—Seniors Traci Wolfe and Caron Slater take shots at each other during their bouncy boxing match at post prom on April 21. Wolfe was awarded the uncontested victory with a first round knockout.

Do a little dance—Seniors Tiffany Walker and Ayesha Abdullah bust a move during prom on April 20 at the Convention Center. Walker was nominated for prom queen and won; she was crowned later that night.

A Night of Recognition

Seniors receive achievement awards at Senior Awards presentation

The Senior Awards ceremony was held in the Hoover auditorium on Monday, May 20. The ceremony was run by chairpersons Sara Bray and Aaron Thiese, and faculty advisor Dennis Cumpston.

"The ceremony went really smoothly, with everybody receiving his/her award in a dignified manner," Cumpston said.

Seniors Angela Neve and Cathy Claycomb performed a flute and clarinet duo prelude to the ceremonies, leading up to a welcome by Senior Board President Jared Gilbert. Principal William McCollaugh proceeded with greetings to the audience, and senior Cassie Murphy followed with a student address.

Then, a musical interjection of "You Are the New Day" was performed by Hoover Harmony seniors. The main event of the evening, the Presentation of Scholarships and Recognition, was then led by Teacher of All Seasons, Don Perschau. A farewell address, orated by Senior Board Vice-President Jodi Solberg, concluded the evening.

Preparing the awards – Co-chairs Aaron Thiese and Sara Bray help Dennis Cumpston arrange the senior awards at the ceremony on May 20.

The Last Breakfast

Seniors spend one final meal together before graduation.

The annual senior breakfast was held on the traditional Thursday after finals, May 23 at 7:00 am. Although it was early for many seniors after a night of celebration, over 150 students, faculty, and parents attended the breakfast, and ate to their hearts content. "I'm glad so many people showed up that early in the morning, it was also great to see everyone getting along for the first and last time," said Senior Breakfast co-chair Janet Buckley. Getting to the breakfast a little early or at least on time proved to be a smart strategy for many seniors. Although there was plenty of food, many seniors battled long lines and diminishing selection as the morning continued.

The highlight of the morning was the naming of the senior breakfast awards.

Each senior was able to nominate their peers for the awards and the votes were then tallied by the senior breakfast committee and kept secret until the morning of the breakfast. Buckley and co-chair senior Beth Burnquist handed out the awards for each category, which varied from best athlete to worst driver, to one male and one female winner. Senior Amy Lee summed up the morning when she said, "The senior breakfast brought back a lot of memories and gave us an opportunity to bond one final time."

It's all over — Seniors Kristi Sullivan, Emily Minnis, Nic Hoover, David Peterson, Amy Lee, Amy McDonald, and Lela Braden discuss the ending of their high school careers and their future plans after finishing with their breakfast.

Farewell to the Seniors

Seniors get together one last time to see each other off

The seniors concluded their years of high school on May 25 at the Commencement ceremony. The class, with 218 graduates and 13 valedictorians, meet one final time together at the Drake Knapp Center at 7 pm to celebrate their graduation from high school.

The Commencement ceremony was planned and organized by the graduation committee co-chairs seniors Angela Neve and Cathy Claycomb.

As the graduating class of 1996 marched into the center, draped in their green gowns and wearing their caps, the Hoover concert band played the traditional "Pomp and Circumstance". The Hoover concert band also accompanied an ensemble of Hoover choirs in their presentation of "Battle Hymn of the Republic".

"It was really chaotic during the last week before commencement but everyone did a fantastic job. The ceremony really turned out well."

—co-chair Cathy Claycomb

Principal William McCullough made the opening remarks and guest speaker Dr. Gary Wegenke presented a speech.

Seniors Josh Brott and Ayesha Abdullah delivered the student speeches to the class. These speakers were chosen after auditioning in front of a panel comprised of teachers and senior board. Each speech addressed the senior's class motto, which was "Remember yesterday, Dream for tomorrow, Live for today", and reflected on their four years at Hoover. The speech then went on to emphasize the importance of dedication and hard work for our future.

The Jane Hentges Humanitarian Achievement Award was also giving out at the ceremony. The award recognizes a student who has devoted his or her time to volunteering and demonstrating good will. The award is given each year to a graduating student. The recipient this year was Amy Stolki.

Then the time came for the students to receive their diplomas. Each student's name was read by Hoover student service coordinator Richard Doughan and peer counselor Ron McChone as they walked across the stage and received their diplomas, which were handed out by Harold Sandahl.

Before the conclusion of the commencement ceremony, the Hoover "Alma Mater" was played. The graduating class then let out a cheer and tossed their caps into the air to celebrate the completion of their high school days.

photo by Garland Groen

Calling the names—The students line up to walk up the ramp and across the stage in order to receive their diplomas as their names are called.

Receiving the diploma—Eric Groen shakes Harold Sandahl's hand as he is handed his high school diploma at the Commencement ceremony on May 25.

Steps away—Tim Schnoor and Paul Roberts march along with their senior class to their seats in order to be recognized as the graduating class of 1996.

photo by Dale Schnoor

After the ceremony — Pooty Simahano, Sally Allan, and Amy Stolki stand among their fellow graduates following the Commencement proceedings.

It's about time—Nic Hoover, Dave Peterson, and Jodi Solberg watch as Sara Bray expresses her relief on graduating.

dream for tomorrow,
today."

Kurt Hinkle

May you always feel the joy you did with this first car. Keep up the good work!

Love,
Mom, Dad, Eric,
Missy, Gramma,
and "Snows"

Janet Buckley

Congratulations! We are so proud of the person you've become. We hope that someday you will have a daughter just like you with your talent, intelligence, and a great sense of humor.

Good luck next year!

Love,
Mom and Dad

Crystal McQuerry

With the love of God, and his blessings, you have made it this far. Always keep god in your plans, and you will be successful in whatever you do. We love you very much. Congratulations!

Your Mom, Dad, and
Tony

Jacob D. Smith

You have everything you need for a bright, adventurous future. Congratulations, son.

We love you,
Mom, Dad, and Lindsay

Amy Hanlon

Your smile is contagious and I thank God for allowing me to be a part of your life.

Love you,
Mom

John P. Miller III

You are loved for the little boy you were...The special young man you are and the son you will always be. Be the best you can be and life will give its best to you.

All our love always,
Mother, Dad and Matthew

Megan Mogensen

You were determined and walked early.

You were persistent and tied your shoes early.

And now, you are graduating early.
Megan, you can lick the world!

Jason Van Hemert

For 18 years, we have experienced the most wonderful years of our lives. You have been a wonderful son and we thank you for the joy you have given us. We wish you success and happiness.

Love,
Mom and Dad

Christopher Sampson

We are so proud of you! We wish you the best of everything in the future.

And remember, we will always love you.

Love,
Dad, Mom, Angie, Tony,
and Jessie

Emily Jo Minnis

Energetic in all you do

Mature in making decisions

Independent in your thinking

Loving and caring to all

Yes, practically perfect in every way

I love you Emily Jo!

Mom

Megan Carrico

May your world always be a bowl of frosting that leaves a smile on your face.

We love you,
Mom, Dad and Melanie

Brandi Allen

We hope all your dreams for the future come true. Except for the one of making a living in your underwear. But you'll always be a Wonder Woman to us!

Congratulations,
Mom, Dad, and Jennie

VJ Omundson

We're proud of your accomplishments! Don't let distractions interfere with your new goals. Stay 'on target'--you've already proven to yourself that it works. Your sister already said she'll really miss you when you leave for college. Your dad and I feel the same, but you know where we are if you need us.

Love,
Dad, Mom, and Brandy

Dena Shoemaker

As you've grown from a tu-tu to a two stepper, we always knew you were a special girl. We are so proud of you and all the things you have accomplished. May your life be full of success. Work hard, play hard, and enjoy!

Love,
Mom and Dad

Amy McDonald

Congratulations Amy P! You've brought much laughter and joy to our lives.

Love,
Mom, Dad, and Neil

P.S.
Please clean your room!

Nic Hoover

The time has gone so fast! I have enjoyed every minute of watching you grow into a wonderful young man. You're the best!

Love,
Mom

Jennifer Farrell

Congratulations, Jenny!
We are proud of your hard work and dedication during the last 12 years. Remember to always follow your heart.

We Love You
Mom, Dad and Chris

Jodi Solberg

Congratulations Jodi! We are all very proud of your accomplishments.

Love from
Mureema, Min, Jaya, Paul,
Mom and Dad

Angela Neve

Even as a baby you were developing your "drum major" skills—what a kid! We know your life will always have "direction", Angela, as you seek the Lord's guidance. God Bless You on all you do.

We love you!
Mom, Dad, Emily and
Luke

Kayla Stocker

You have always been so much fun! Your future will be exciting and we look forward to sharing it with you.

Love,
Mom, Bill, Heather and
Allison

David Peterson

You have been a blessing to us in countless ways since the day you came to us. It has always been a privilege to be your parents. Always remember we love you.

Mom and Dad

Jared Gilbert

Simply put, You're the best!
With our love, pride and
joy,

Mom, Dad and Julia

Jodi Lynn Wineinger

You are about to accomplish something you have worked hard for. Through the ups and downs of life you have turned from a quiet, shy, young girl to an outgoing, fun young woman. Keep up the good work. Always remember we love you and wish you all the happiness in the world.

Love,
Dad, Mom, Matthew, and Suzie

Niema Nichols

Congratulations! You have always been a hard worker. Don't forget the Lord, and He will give you the desires of your heart.

Love,
Dad, Mom and Cyrus

Stephanie Roskamp

We're so proud of how intelligent and beautiful your life has turned out to be. Good luck in the years to come.

Love,
Mom, John and Harley

Josh Brott

Congratulations Joshua. You'll always be our Big Boy!

Love,
Dad, Mom, Jacob and Joseph

Kathleen Streeter

Congratulations Kathleen! What a special gift a daughter is. We are so proud of you and all your accomplishments. Success will be yours. Now, as you move on to college and begin to build a life of your own, always remember how much we love you.

Mom and Dad

Marci Ann Simonini

You were a wonder to us then. You are amazing to us now. We are so proud of you and all your hard work and accomplishments. All our love Baby Girl.

Love,
Dad, Mom, Jay and Nick

Colene Kelly

We love you

We're very proud!

Your Mom and Dad

Katy Harris

From the very first day that your big eyes mesmerized us, you have been a very important part of our lives. We wish the very best for you in the years to come. We pray you'll keep Jesus first in your life always. We love you very much.

Daddy, Mamma, Kory,
Kody, and Kelsy

Aaron Thiese

For a guy who never gives up!
May you enjoy success and
satisfaction in your pursuits and
perseverences!

Love,
Dad, Mom, Kaia and
Nate

Cathy Claycomb

Congratulations on all of your
achievements! You couldn't
have made us any prouder!

Love,
Mom and Dad

Kari (Monkey)

One of the proudest days of my life was when the doctor told me I had a new baby daughter. Since that day I've always been very proud of you in everything you have done. From me to you and from my heart to your heart: I love you and I'm very proud of you and I will always be there for you.

Love,
Dad

Kari Greenlee

As you and I looked through your baby pictures it brought back very happy memories. Your laughter and smiles brought sunshine to every day and still does. Always stay strong and determined and your dreams will always come true.

I am very proud of you, but
most of all proud to be your Mom.

Love, Mom

May your goals in life reach
the stars!

As our granddaughter and Grandpa's Princess, you have brought much joy to our lives. We are so very proud of your accomplishments and hope all your future expectations will be attained. We'll always be here for you with love in our hearts and an extended helping hand when the need arises. We admire, love and respect the beautiful, talented young lady you've become.

Love always,
Granma & Granpa Meyer

Billy and Bryan Howe

It's been a privilege to be a part of your lives. You have each brought us much, much joy. We are so proud of you Billy, and you, Bryan! Good luck in all you do!

Love,
Mom and Dad

Chad Murray

Stay as caring as you are!
I love you!

Love,
Mom

Ryan Johnson

To Ryan with love:

Ryan always loved to skate when he was young. We can't believe how fast you've skated through high school. Good luck in college. Don't skate too fast! Take your time.

Love,
Mom, Dad and Adam

Ayesha Abdullah

You learned at an early age "NOT to let grass grow under your feet". Ayesha, you are a remarkable young lady and we are proud to have been blessed to have you as a member of our family. You have achieved much in the past years, and with your loving, caring and giving attitude for life, we look forward to being there supporting you in all your endeavors for success. We love you!

Mom, Dad, Vaness, Muhammad,
Aaron, Carmen and Naeem

Mia Hopkins

"Mia"

You're smart, cute and sweet
as can be,

It should have taken four, but
you did it in three.

And your Mom is as proud as
she can be!!

Mike Kelly

No matter how you choose to
dress yourself for the future, we
know you'll be successful!

Love,
Dad, Mom & Kyle

Katie McGrath

Believe in yourself and you can
achieve all your dreams and de-
sires. We are proud of you.

All our love always,
Dad, Mom, Maureem and
Molly

Jessica Harding

Little Princess

When we see that beautiful
smile, we think of all the love you've
brought to this family. You have
accomplished a lot in your young life,
and you will continue to succeed be-
cause of your faith and determination.
God blessed us the day you were born.
Good Luck!

Love Ya Sissy,
Mom, Dad, Jen and Jodi

Tim Schnoor

Congratulations, Tim on all you have accomplished. We wish you the BEST in whatever you do.

Love,
Dad, Mom and Steve

*Nicholas M.
Brockman*

Even back then Nick, you liked to cheeze and wear uncomfortable hats.
Best of luck next year.

Love,
Mom, Tim and
Michelle

Tim Sipma

Through the years you've given us adventures and thrills with all your "spills". Happiness and pride has come with all your accomplishments. From Timothy games, to Fatboy, to Tammy, and Tim in-between, you gave us laughter and tears. For your admiration of your Dad, friendship to your Mom, and respect to both, we thank you. Your future is as bright as you are.

Go for it, Son.
Love,
Dad and Mom

Sally Allan

To my Dear Sally,

It seems like yesterday when you walked off to kindergarten. I wiped away tears then and I'll wipe them again as you graduate and enter college. You have accomplished many goals with your hard work and determination.

I am so very proud of you and the truly beautiful, caring person you are. You fill my life with happiness and my heart with joy. I am thankful you're my daughter and grateful you're my friend.

God Bless You honey!
Love always,
Mom

Amy Jane Lee

My sweet baby,
Welcome to the world! We thank
God for us to have you. Let your
life path shine for others.

Love,
Mom and Dad

Thank you for
being my
friends!

**Congratulations to all of you! I
know you will all be successful in
whatever you choose to do in life.
Good Luck!**

It's not easy growing up in today's world.

There are so many choices and new things to try, and there's so much pressure to do what your peers are doing.

That's why we're so proud of you for maintaining your individuality, for saying "no" even when it's not the popular thing to say.

You're not children anymore, and you're taking responsibility for your own actions and decisions.

We know we can rely on your good judgments.

We love you very much, and one of our greatest joys will always be to see you all healthy and happy.

## Life's a Dance

For the past four years  
Our friendships have remained,  
And now it's almost graduation day.  
We've done it all, from rodeo to  
football games,  
And everything in between.  
Cruzin' around with the top down  
Playing "Sweet Home Alabama"  
way up loud.  
We've had our good times, and even  
some bad.  
Almost nothing can stop this  
friendship we have.  
But now we must go our separate  
ways,  
And meet up again some day.  
We're leaving Hoover behind  
And the cowgirls are riding off into  
the sunset to see what we can  
find.

## Congratulations

Herbert Hoover High School  
National Honor Society Chapter

Thank you for a successful year of service and  
leadership for Hoover High and the greater Des  
Moines Community.

*Wow - we have had some pretty exciting times in the past two years... hiding under coats in Hoover's parking lot, practicing with straws, senior year homecoming, car dancing, brush with death at Fazolis, floating, dimes, Friday night fun, size 36!!, 3 piece LJS, blue toenails, where are those darn dinky horses?, and that unforgettable journey down the should have been black blue hill which we thought was another bunny. Hey Katy did you put that there? Hey, are you girls twins? How many minutes are you apart?*

Change was the name of the game for the 1996 Husky staff. The changes started at the end of the 1995 school year. The decision was made to have two classes of yearbook the next year instead of the usually one. At that point in time, the yearbook staff decided to change a few things about the yearbook. They changed the size from the standard size to the college size yearbook, they decided to decrease the number of pages and they even decided to switch rooms. ( Well, maybe that wasn't there decision, but it was a change of pace then from years past.) All those changes, along with many others little changes in the book, added together to make the yearbook and the yearbook staff have a unique quality that is all it's own.

The 1996 Husky consisted of 240 pages. The headlines were in Bodoni PosterCompressed, with each Section Editor picking his/her own headline style. The body copy was done in Times 10 point, the photo kickers Times 9 point bold, the captions Times 8 point, and the photo credits Times 6 point italics. Pagekickers were done in Bodoni PosterCompressed 36 point and 12 point. Each Section Editor chose the design for the page layouts in his/her section.

## Husky Staff

Advisor – Laura Ahrendt  
Editor-in-Chief – Marci Simonini  
Business Manager – Amy Lee

# Thanks...

It's been a wild year for us in yearbook. All the changes, many of which were unexpected, and sometimes unappreciated, made this year a crazy one. From changing rooms in the middle of the year to losing almost half of the yearbook pages, it's been a bumpy ride putting this yearbook together. Through all the ups and downs, there were several people whose support and help was priceless to us. Those people were always there to lend a helping hand and with their precious time and effort we were able to produce a book that I am proud to put my name on. I want to say thank you to...

First and foremost, our yearbook advisor, Laura Ahrendt. Without your guidance and support, this book wouldn't exist. From editing countless pages and proofs to making all those phone calls trying to find those lost pages, you have done more for this yearbook than anyone. It was a tough year on us all, but especially for you. Thank you for not giving up on us and for your constant support and advise, I learned so much from you. You one of the best teachers I ever had and I will always remember all you taught me.

Janet Buckley. I talked you into taking this class and I'm glad I did. You prove to be one of the best workers on the staff. I could always count on you. First, you took over the faculty pages for us. Then you spent endless hours during what should have been your senior summer working on index and helping me finish those pages and correction others left to magically get done. Without your help, the yearbook would never have gotten done. Thank you so much. You are the best.

Kathi Buckley. Despite all you had to do for newspaper, not to mention not even being in the class, you did so much for us. Thank you for not ignoring all those annoying messages on the chalkboard, and taking the extra time to be our personal photographer. I really appreciated it.

The Husky Staff. Without you there would be no book. Thanks for all the time and effort you put into making this book, especially the section editors. Despite all our problems, you stuck with it and we pulled through and produced a quality book we can be proud of.

Thank you for everything. It was an interesting, entertaining and definitely a memorable year.

Marci Simonini

# HERBERT HOOVER HIGH SCHOOL

## Summer Dream

There's a silence drawn on every face. Some want to go some want to stay. There's a large step to be made in the human race, represented by graduation and grades.

The school will close, for a mere amount of months, a season, at least; a blink of the eye at most. Yet the dawn of each summer day will haze the eyes of those who wait.

A few will be lost, and hard to replace; their time was well spent; much more than a waste. For those who return, with skin all a burn, the year will begin--and the chance to learn.

The summer just past, will be yet another, to add to the collection of all the others. Sentimental times we share, some prefer the term easy, while others, hard to bear. This is the time, so we are told, to make the rest of our lives unfold.

Each year, however, the summers become even better. Each year, we frown the up coming weather. Tough it out we shall do, for another summer is a brew.

--Steve Whitney
